AUDITOR GENERAL

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

County Commission
Minnehaha County
Sioux Falls, South Dakota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Minnehaha County, South Dakota (County), as of December 31, 2013, and for the year then ended, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated August 26, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. As required by South Dakota Codified Law 4-11-11, this report is a matter of public record and its distribution is not limited.

MARTIN L. GUINDON, CPA
AUDITOR GENERAL

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

County Commission
Minnehaha County
Sioux Falls, South Dakota

Report on Compliance for Each Major Federal Program

We have audited Minnehaha County, South Dakota (County), compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2013. The County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Current Audit Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the County's compliance.

Opinion on Each Major Federal Program

In our opinion, Minnehaha County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2013.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purposes. As required by South Dakota Codified Law 4-11-11, this report and our report on compliance for each major federal program are matters of public record and their distribution is not limited.

MINNEHAHA COUNTY
SCHEDULE OF PRIOR AND CURRENT AUDIT FINDINGS AND QUESTIONED COSTS

SCHEDULE OF PRIOR AUDIT FINDINGS

Prior Audit Findings:

The prior audit report contained no written audit findings.

SCHEDULE OF CURRENT AUDIT FINDINGS AND QUESTIONED COSTS

Summary of the Independent Auditor's Results:

Financial Statements

a. An unmodified opinion was issued on the financial statements of each opinion unit.

b. No material weaknesses or significant deficiencies were disclosed by our audit of the financial statements.

c. Our audit did not disclose any noncompliance which was material to the financial statements.

Federal Awards

d. An unmodified opinion was issued on compliance with the requirements applicable to major programs.

e. Our audit did not disclose any audit findings that need to be disclosed in accordance with the Office of Management and Budget Circular A-133, Section .510(a).

f. The federal awards tested as major programs were:

1. CDGB State Administered CDBG Cluster
2. Juvenile Justice and Delinquency Prevention Grant-Allocation to States CFDA # 16.540
3. Disaster Grants-Public Assistance (Presidentially Declared Disasters) CFDA # 97.036

g. The dollar threshold used to distinguish between Type A and Type B federal award programs was $300,000.

h. Minnehaha County did qualify as a low-risk auditee.

Current Federal Audit Findings:

There are no written current federal compliance audit findings to report.

Current Other Audit Findings:

There are no written current other audit findings to report.

AUDITOR GENERAL

INDEPENDENT AUDITOR'S REPORT

County Commission
Minnehaha County
Sioux Falls, South Dakota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Minnehaha County, South Dakota (County), as of December 31, 2013, and for the year then ended, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

The County's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Minnehaha County as of December 31, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Schedules and the Schedule of Funding Progress on pages 45 through 49, and 52 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The County has omitted the Management's Discussion and Analysis (MD&A) that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The Schedule of Expenditures of Federal Awards, which as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards,* we have also issued our report dated August 26, 2014 on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

MINNEHAHA COUNTY
Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position
December 31, 2013

Total Fund Balances - Governmental Funds		$ 21,993,237.57
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Capital assets of $161,472,691.22 less accumulated depreciation of $69,847,974.47.		91,624,716.75
Long-term liabilities for accrued leave payable are not due and payable in the current period and therefore are not reported in the funds.		(3,160,111.70)
Long-term liabilities, including bonds payable and capital leases, are not due and payable in the current period and therefore are not reported in the funds.		(32,888,122.50)
G.O. Bonds	$ 32,863,521.50	
Other Long-Term Debt	$ 24,601.00	
Delinquent property taxes receivable will be collected this year, but are not available soon enough to pay for the current period's expenditures, and therefore are deferred in the governmental funds.		698,730.16
Internal service funds are used by management to charge the costs of activities, such as medical self-insurance, to individual funds. The assets ($3,356,388.03) and liabilities ($31,315.89) of internal service funds are included in governmental activities in the Statement of Net Position.		3,325,072.14
Long-term liability for other post employment obligation is not due and payable in the current period and therefore is not reported in the funds.		(471,374.65)
Net Position of Governmental Activities		$ 81,122,147.77

The notes to the financial statements are an integral part of this statement.

MINNEHAHA COUNTY
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities
For the Year Ended December 31, 2013

Net Change in Fund Balances - Total Governmental Funds		$ 3,734,272.90
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays were more than depreciation in the current period.		1,064,405.80
In the Statement of Activities, the loss on disposal of assets is reported, whereas in the governmental funds, the disposal of fixed assets is not reflected. This is the amount by which deletions exceeds accumulated depreciation of the deletions.		(31,266.45)
Repayment of long-term liabilities' principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.		1,953,398.17
Due to a change in accounting standards, the deferred and unamortized amounts on all prior refunding issues outstanding should be claimed each year as part of Interest Expense on the government-wide financial statements.		(798,982.84)
Transactions resulting from the Series 2013 Financing are reported on the government funds but these transactions effect long-term liabilities in the Statement of Net Position.		(225,000.00)
Refunding Certificates Issued	$ (12,005,000.00)	
Certificates Refunded	11,780,000.00	
	$ (225,000.00)	
The receipt of donated capital assets is not reported on the fund statements, but is reported as a program revenue on the government-wide financial statements.		384,721.33
General long-term debt issued for capital lease is reported as other financing source, but is an increase in long-term liabilities on the Statement of Activities.		(24,600.00)
Compensated Absences reported in the Statement of Activities does not require the use of current financial resources and therefore is not reported as expenditures in governmental funds.		(200,495.39)
Governmental funds report property taxes as revenue in the period for which they are levied, subject to the "available" criteria as defined in Note 1, but the Statement of Activities include the property taxes as revenue in the period for which tax is levied.		47,456.52
Internal service funds are used by management to charge the costs of certain activities, such as medical self-insurance to individual funds. The net revenue (expense) of the Internal Service Funds is reported with governmental activities.		412,195.87
Other Postemployment benefits reported in the Statement of Activities does not require the use of the current financial resources and therefore is not reported as expenditures in governmental funds.		(24,816.00)
Supplies acquired are an expenditure on the fund statements when purchased but are expensed on the Statement of Activities when consumed. This amount represents the "change in" inventory of supplies.		12,546.68
Change in Net Position of Governmental Activities		$ 6,303,836.59

The Notes to the Financial Statements are an integral part of this statement.

TOTAL LIABILITIES	$ 4,215,800.78

The notes to the financial statements are an integral part of this statement.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Financial Reporting Entity:

The reporting entity of Minnehaha County (County), consists of the primary government (which includes all of the funds, organizations, institutions, agencies, departments, and offices that make up the legal entity, plus those funds for which the primary government has a fiduciary responsibility); those organizations for which the primary government is financially accountable; and other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the financial reporting entity's financial statements to be misleading or incomplete.

Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The County is financially accountable if its County Commission appoints a voting majority of another organization's governing body and it has the ability to impose its will on that organization, or there is a potential for that organization to provide specific financial benefits to, or impose specific financial burdens on, the County (primary government). The County may also be financially accountable for another organization if that organization is fiscally dependent on the County.

The County created a Housing and Redevelopment Commission (Commission) under the authority of South Dakota Codified Law (SDCL) 11-7-1 on February 9, 2010. The Commission is a proprietary fund-type, discretely-presented component unit. The five members of the Commission are appointed by the County Commission's Chairperson with the approval of the Board of County Commissioners for five-year, staggered terms. The County employs the management and personnel and retains the statutory authority to approve or deny or otherwise modify the Commission's budget which gives the County the ability to impose its will on the Commission.

On February 19, 2010, the Commission entered into a partnership agreement and is the General Partner of Safe Home Limited Partnership (Partnership) whose purpose is to provide for constructin of permanent housing for the homeless pursuant to a tax credit program and to borrow funds for such purposes and to mortgage or otherwise encumber any or all of the Partnership's assets to secure such borrowing. The Partnership is a proprietary fund-type, discretely-presented component unit of the Commission. The five members of the Partnership Board consist of the same appointed members of the Commission which gives the County the ability to impose its will on the Partnership.

As of December 31, 2013, the financial activity of the Commission is not material to the County and has not been disclosed in Minnehaha County's financial statements.

Separately issued financial statements of the Housing and Redevelopment Commission may be obtained from: Minnehaha County Housing and Redevelopment Commission, 415 North Dakota Avenue, Sioux Falls, SD 57104.

The County participates in a cooperative unit with the City of Sioux Falls. See detailed note entitled "Joint Ventures" for specific disclosures. Joint ventures do not meet the criteria for inclusion in the financial reporting entity as a component unit, but are discussed in these notes because of the nature of their relationship with the County.

b. Basis of Presentation:

Government-wide Financial Statements:

The Statement of Net Position and Statement of Activities display information about the reporting entity as a whole. They include all funds of the reporting entity except for fiduciary funds. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the County or it meets the following criteria:

1. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
2. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined, or
3. Management has elected to classify one or more governmental or enterprise funds as major for consistency in reporting from year to year, or because of public interest in the fund's operations.

The funds of the County financial reporting entity are described below:

Governmental Funds:

General Fund – The General Fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is always considered to be a major fund.

Special Revenue Funds – Special revenue funds are used to account for the proceeds of specific revenue sources (other than trusts for individuals, private organizations, or other governments or for major capital projects) that are legally restricted to expenditures for specified purposes.

Road and Bridge Fund – to account for funds credited to the road and bridge fund pursuant to SDCL 32-11-4.2 to be used by the board of county commissioners for grading, constructing, planing, dragging, and maintaining county highways and also for dragging, maintaining, and grading secondary roads. Proper equipment for dragging, grading, and maintaining highways, such as graders, tractors, drags, maintainers, and

planers may be purchased from the road and bridge fund. (SDCL 32-11-2 and 32-11-4.2) This is a major fund.

Courthouse Building Fund – authorized by SDCL 7-25-1 to account for the accumulation of a special tax levy not to exceed ninety cents per thousand dollars of taxable valuation annually for the acquisition or construction of a courthouse, office, jail building, county extension buildings, grandstands and bleachers, highway maintenance buildings, or public library. This is a major fund.

The remaining special revenue funds are not considered major funds: 911 Service, Fire Protection, Emergency Management, Domestic Abuse, Public Library, Pass-Through Grants, Museum Store, Museum Enterprise, Emergency Food and Shelter Program (EFSP), 24/7 Sobriety, and Modernization and Preservation Relief. These funds are reported on the fund financial statements as "Other Governmental Funds."

Debt Service Funds – Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

The Debt Service Funds maintained by the County are not considered major funds. The Bond Redemption Fund and SDN Communications Tax Increment District #2 Fund are reported on the fund financial statements as "Other Governmental Funds."

Capital Projects Funds – Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds or trust funds for individuals, private organizations, or other governments).

Capital Projects Fund – to account for financial resources to be used for the construction of the new kitchen for the Minnehaha County Jail. This is not a major fund.

Proprietary Funds:

Internal Service Funds – Internal service funds may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis. Internal service funds should be used only if the reporting government is the predominant participant in the activity. The Self-Insurance Fund is the only internal service fund maintained by the County.

Fiduciary Funds:

Fiduciary funds consist of the following sub-category and are never considered to be major funds:

Agency Funds – Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Agency funds are used to account for the accumulation and distribution of property tax revenues and various pass-through funds.

c. Measurement Focus and Basis of Accounting:

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

Measurement Focus:

Government-wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the economic resources measurement focus, applied on the accrual basis of accounting.

Fund Financial Statements:

In the fund financial statements, the "current financial resources" measurement focus and the modified accrual basis of accounting are applied to governmental fund types, while the "economic resources" measurement focus and the accrual basis of accounting are applied to the proprietary and fiduciary fund types.

Basis of Accounting:

Government-wide Financial Statements:

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues and related assets are recorded when earned (usually when the right to receive cash vests); and, expenses and related liabilities are recorded when an obligation is incurred (usually when the obligation to pay cash in the future vests).

Fund Financial Statements:

All governmental fund types are accounted for using the modified accrual basis of accounting. Their revenues, including property taxes, are recognized when they become measurable and available. "Available" means resources are collected or to be collected soon enough after the end of the fiscal year that they can be used to pay the bills of the current period. The accrual period for the County is 30 days. The revenues which are accrued at December 31, 2013 are amounts due from federal, state, and local governments and other entities.

Under the modified accrual basis of accounting, receivables may be measurable but not available. Reported unearned revenues are those where asset recognition criteria have been met but for which revenue recognition criteria have not been met.

Expenditures are generally recognized when the related fund liability is incurred. Exceptions to this general rule include principal and interest on general long-term debt which are recognized when due.

All proprietary and fiduciary fund types are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

d. Interfund Eliminations and Reclassifications:

Government-wide Financial Statements:

In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified, as follows:

In order to minimize the doubling-up effect of internal service fund activity, certain "centralized expenses" including an administrative overhead component, are charged as direct expenses to funds or programs in order to show all expenses that are associated with a service, program, department, or fund. When expenses are charged, in this manner, expense reductions occur in the Internal Service Fund, so that expenses are reported only by the function to which they relate.

e. Deposits and Investments:

For the purpose of financial reporting, "cash and cash equivalents" includes all demand and savings accounts and certificates of deposit or short-term investments with a term to maturity at date of acquisition of three months or less. Investments in open-end mutual fund shares, or similar investments in external investment pools, are also considered to be cash equivalents.

Investments classified in the financial statements consist primarily of certificates of deposit whose term to maturity at date of acquisition exceeds three months, and/or those types of investment authorized by SDCL 4-5-6.

f. Capital Assets:

Capital assets include land, buildings, machinery and equipment, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. *Infrastructure assets* are long-lived capital assets that normally are stationary in nature and normally can be preserved for significantly greater number of years than most capital assets.

The accounting treatment over capital assets depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-wide Financial Statements:

Capital assets are recorded at historical cost, or estimated cost, where actual cost could not be determined. Donated capital assets are valued at their estimated fair value on the date donated. Reported cost values include ancillary charges necessary to place the asset into its intended location and condition for use. Subsequent to initial capitalization, improvements or betterments that are significant and which extend the useful life of a capital asset are also capitalized.

The total December 31, 2013 balance of governmental activities capital assets, excluding infrastructure, was reported based on original costs.

Infrastructure assets used in general government operations, consisting of certain improvements other than buildings, including roads, bridges, sidewalks, drainage systems, and lighting systems, acquired prior to January 1, 1980, were not required to be capitalized by the County. Infrastructure assets acquired since January 1, 1980 are recorded at cost, and classified as "Improvements Other than Buildings."

For governmental activities Capital Assets, construction-period interest is not capitalized, in accordance with USGAAP.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the government-wide Statement of Activities, except for that portion related to common use assets for which allocation would be unduly complex, and which is reported as Unallocated Depreciation, with net capital assets reflected in the Statement of Net Position. Accumulated depreciation is reported on the government-wide Statement of Net Position.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the government-wide financial statements are as follows:

	Capitalization Threshold	Depreciation Method	Estimated Useful Life
Land and Land Rights	$ 1.00	-------N/A------	-------N/A------
Improvements Other Than Buildings	$ 50,000.00	Straight-line	10-25 years
Buildings	$ 50,000.00	Straight-line	40-99 years
Machinery and Equipment	$ 5,000.00	Straight-line	3-25 years
Infrastructure	$ 50,000.00	Straight-line	25-50 years

Land is an inexhaustible capital asset and is not depreciated.

Fund Financial Statements:

In the fund financial statements, capital assets used in governmental fund operations are accounted for as expenditures of the appropriate governmental fund upon acquisition.

g. Long-Term Liabilities:

The accounting treatment of long-term liabilities depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term liabilities to be repaid from governmental resources are reported as liabilities in the government-wide financial statements. The long-term liabilities primarily consist of limited tax general obligation bonds, financing (capital acquisition) leases, compensated absences, and other postemployment benefits.

In the fund financial statements, debt proceeds are reported as revenues (other financing sources), while payments of principal and interest are reported as expenditures when they become due.

h. Program Revenues:

Program revenues derive directly from the program itself or from parties other than the County's taxpayers or citizenry, as a whole. Program revenues are classified into three categories, as follows:

1. Charges for services – These arise from charges to customers, applicants, or others who purchase, use, or directly benefit from the goods, services, or privileges provided, or are otherwise directly affected by the services.
2. Program-specific operating grants and contributions – These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program.
3. Program-specific capital grants and contributions – These arise from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for the acquisition of capital assets for use in a particular program.

i. Proprietary Funds Revenue and Expense Classifications:

In the proprietary fund's Statement of Revenues, Expenses and Changes in Net Position, revenues and expenses are classified in a manner consistent with how they are classified in the Statement of Cash Flows. That is, transactions for which related cash flows are reported

as capital and related financing activities, noncapital financing activities, or investing activities are not reported as components of operating revenues or expenses.

j. Cash and Cash Equivalents:

The County pools the cash resources of its funds for cash management purposes. The proprietary fund essentially has access to the entire amount of its cash resources on demand. Accordingly, each proprietary fund's equity in the cash management pool is considered to be cash and cash equivalents for the purpose of the Statement of Cash Flows.

k. Equity Classifications:

Government-wide Financial Statements:

Equity is classified as Net Position and is displayed in three components:

1. Net Investment in Capital Assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation (if applicable), and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

2. Restricted Net Position – Consists of net position with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.

3. Unrestricted Net Position – All other net position that do not meet the definition of "Restricted" or "Net Investment in Capital Assets."

Fund Financial Statements:

Governmental fund equity is classified as fund balance, and may distinguish between "Nonspendable", "Restricted", "Committed", "Assigned", and "Unassigned" components. Proprietary fund equity is classified the same as in the government-wide financial statements. Agency Funds have no fund equity. The Net Position is reported as Net Position Held in Agency Capacity.

l. Application of Net Position:

It is the County's policy to first use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

m. Fund Balance Classification Policies and Procedures:

In accordance with Government Accounting Standards Board (GASB) No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the County classifies governmental fund balances as follows:

- Nonspendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end.

- Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the County Commissioners.
- Unassigned – includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The Nonspendable Fund Balance is comprised of the following:

- Amount reported in nonspendable form such as inventory.
- Amount not in cash form such as long-term portion of loans receivable.

The County uses *restricted/committed* amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the Government would first use *committed, then assigned, and lastly unassigned amounts* of unrestricted fund balance when expenditures are made.

The County *does not* have a formal minimum fund balance policy.

The purpose of each major special revenue fund and revenue source is listed below:

Major Special Revenue Fund	**Revenue Source**
Road and Bridge Fund	Motor Vehicle Licenses, Grants, Taxes, and Intergovernmental Revenue
Courthouse Building Fund	Taxes and Intergovernmental Revenue

A schedule of fund balances is provided as follows:

MINNEHAHA COUNTY
DISCLOSURE OF FUND BALANCES REPORTED ON BALANCE SHEET
GOVERNMENTAL FUNDS
DECEMBER 31, 2013

	General Fund	Road and Bridge Fund	Courthouse Building Fund	Other Governmental Funds	Total Governmental Funds
Fund Balances:

Safe Home Donation Purposes	3,395.75				3,395.75
Safe Home Operation Purposes	300,000.00				300,000.00
Unassigned	7,060,463.73				7,060,463.73
Total Fund Balances	$ 10,826,313.01	$ 6,792,728.13	$ 2,386,783.90	$ 1,987,412.53	$ 21,993,237.57

2. DEPOSITS AND INVESTMENTS CREDIT RISK, CONCENTRATIONS OF CREDIT RISK AND INTEREST RATE RISK

The County follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Various restrictions on deposits and investments are imposed by statutes. These restrictions are summarized below:

Deposits – The County's cash deposits are made in qualified public depositories as defined by SDCL 4-6A-1, 7-20-1, 7-20-1.1, and 7-20-1.2, and may be in the form of demand or time deposits. Qualified depositories are required by SDCL 4-6A-3 to maintain at all times, segregated from their other assets, eligible collateral having a value equal to at least 100 percent of the public deposit accounts which exceed deposit insurance such as the FDIC and NCUA. In lieu of pledging eligible securities, a qualified public depository may furnish irrevocable standby letters of credit issued by federal home loan banks accompanied by written evidence of that bank's public debt rating which may not be less than "AA" or a qualified public depository may furnish a corporate surety bond of a corporation authorized to do business in South Dakota.

Investments – In general, SDCL 4-5-6 permits County funds to be invested only in (a) securities of the United States and securities guaranteed by the United States Government either directly or indirectly; or (b) repurchase agreements fully collateralized by securities described in (a) above; or in shares of an open-end, no-load fund administered by an investment company whose investments are in securities described in (a) above and repurchase agreements described in (b) above. Also, SDCL 4-5-9 requires investments to be in the physical custody of the political subdivision or may be deposited in a safekeeping account with any bank or trust company designated by the political subdivision as its fiscal agent.

Credit Risk – State law limits eligible investments for the County, as discussed above. The County has no investment policy that would further limit its investment choices.

Custodial Credit Risk – Deposits – The risk that, in the event of a depository failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. As of December 31, 2013 the County's deposits in financial institutions were exposed to custodial credit risk as follows:

Depository Name	% Under-Collateralized	At-Risk Amount
Great Western Bank	12.53%	$ 971,075.00

Concentration of Credit Risk – The County places no limit on the amount that may be invested in any one issuer.

Interest Rate Risk – The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Assignment of Investment Income – State law allows income from deposits and investments to be credited to either the General Fund or the fund making the investment. The County's policy is to credit all income from investments to the fund making the investment, with the exception of the Road and Bridge Fund and the agency funds, which are credited to the General Fund. USGAAP, on the other hand, requires income from deposits and investments to be reported in the fund whose assets generated that income. Where the governing board has discretion to credit investment income to a fund other than the fund that provided the resources for investment, a transfer to the designated fund is reported. Accordingly, in the fund financial statements, interfund transfers of investment earnings from the Road and Bridge Fund to the General Fund are reported, while in the government-wide financial statements, they have been eliminated.

3. CASH WITH TRUSTEE

Assets restricted to use for a specific purpose through segregation of balances in separate accounts are as follows:

Amount:	Purpose:
$ 552,421.29	For Capital Asset construction (includes balances with trustees)

4. RECEIVABLES AND PAYABLES

Receivables and payables are not aggregated in these financial statements. The County expects receivables to be collected within one year, except for long-term portion of notes receivable. A note receivable of $45,000 from the Sioux Empire Fair Association for the construction of an ice rink exists at December 31, 2013. The County expects this amount to be collected in 2014. The note receivable is to the Courthouse Building Fund. In 2012, the County loaned the Housing Redevelopment Commission/Safe Home Limited Partnership, a component unit of the County, $458,956.00 to defray costs associated with providing permanent housing for the homeless. A receivable of $353,444.88 exists at December 31, 2013. The County expects $22,535.42 to be collected within one year with the remaining balance of $330,909.46 to be collected in monthly installments through September 1, 2026. The note receivable is to the General Fund. The long-term portion of notes receivable is offset with Nonspendable Fund Balance as it is not available to fund current obligations.

5. INVENTORY

Inventory in the special revenue fund consists of expendable supplies held for consumption. Supply inventories are recorded at cost.

Government-wide Financial Statements:

In the government-wide financial statements, inventory is recorded as an asset at the time of purchase, and charged to expense as it is consumed.

Fund Financial Statements:

In the fund financial statements, purchases of supply inventory items are recorded as an expenditure at the time individual inventory items are purchased. Reported inventories are equally offset by nonspendable fund balance which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.

6. PROPERTY TAXES

Property taxes are levied on or before October 1, of the year preceding the start of the fiscal year. They attach as an enforceable lien on property, and become due and payable as of the following January 1, the first day of the fiscal year. Taxes are payable in two installments on or before April 30 and October 31 of the fiscal year.

The County is permitted by several state statutes to levy varying amounts of taxes per $1,000 of taxable valuation on taxable real property in the County.

7. CHANGES IN GENERAL CAPITAL ASSETS

A summary of changes in capital assets for the year ended December 31, 2013 is as follows:

	Balance 1/1/2013	Increases	Decreases	Balance 12/31/2013
Governmental Activities:				
Capital Asset, not being Depreciated:				
Land	$ 5,371,792.84	$	$	$ 5,371,792.84
Capital Assets, being Depreciated:				
Infrastructure (Improvements Other Than Buildings)	63,953,939.13	4,437,721.04	(3,093,275.63)	65,298,384.54
Buildings	75,386,220.77	361,397.99		75,747,618.76
Machinery and Equipment	13,888,998.77	1,419,123.17	(253,226.86)	15,054,895.08
Total Capital Assets, being Depreciated	153,229,158.67	6,218,242.20	(3,346,502.49)	156,100,898.38
TOTAL CAPITAL ASSETS	$ 158,600,951.51	$ 6,218,242.20	$ (3,346,502.49)	$ 161,472,691.22
Less Accumulated Depreciation for:				
Infrastructure (Improvements Other Than Buildings)	$ (29,775,380.39)	$ 2,055,495.05	$ (3,093,276.00)	$ (28,737,599.44)
Buildings	(30,072,603.01)	1,650,233.36		(31,722,836.37)
Machinery and Equipment	(8,546,112.04)	1,063,386.66	(221,960.04)	(9,387,538.66)
Total Accumulated Depreciation	(68,394,095.44)	4,769,115.07	(3,315,236.04)	(69,847,974.47)
Total Capital Assets being Depreciated, Net	84,835,063.23	1,449,127.13	(31,266.45)	86,252,923.91
Governmental Activity Capital Assets, Net	$ 90,206,856.07	$ 1,449,127.13	$ (31,266.45)	$ 91,624,716.75

Depreciation expense was charged to functions as follows:

Governmental Activities:	
General Government	$ 823,425.68
Public Safety	998,936.41
Public Works	2,489,255.99
Health and Welfare	211,760.86
Culture and Recreation	117,989.98
Conservation of Natural Resources	537.62
Urban and Economic Development	1,119.80
Depreciation Unallocated	126,088.73
Total Depreciation Expense-Governmental Activities	$ 4,769,115.07

8. LONG-TERM LIABILITIES

A summary of changes in long-term liabilities follows:

	Beginning Balance 1/1/2013	Additions	Deletions	Ending Balance 12/31/2013	Due Within One Year
Primary Government:					
Governmental Activities:					
Bonds and Certificates Payable:					
Certificates of Participation	$ 34,575,439.67	$ 12,005,000.00	$ (13,716,918.17)	$ 32,863,521.50	$ 3,192,421.35
Less: Net Deferred and Unamortized Amounts From Refunding	(1,037,081.67)		1,037,081.67		
Financing (Capital Acquisition) Lease	16,481.00	24,600.00	(16,480.00)	24,601.00	4,101.00
Other Liabilities:					
Compensated Absences	2,959,616.31	2,663,641.32	(2,463,145.93)	3,160,111.70	2,445,111.96
Other Postemployment Benefits (Retiree Health Insurance)	446,558.65	24,816.00		471,374.65	
Total Governmental Activities	$ 36,961,013.96	$ 14,718,057.32	$ (15,159,462.43)	$ 36,519,608.85	$ 5,641,634.31

In 2013 the County issued $12,005,000.00 in Certificates of Participation with an average interest rate of 2.0 percent to refund the following:

Date Issued	Projects	Average Interest Rate	Unpaid Principal At Time of Refunding
11/1/2004	Certificates of Participation – Series 2004	3.75%	$ 11,780,000.00

The entire proceeds of the refunding issue in the amount of $12,068,843.75 were deposited in an irrevocable trust with an escrow agent to provide for all future debt service requirements on the refunded bonds. As a result, the refunded bonds are considered to be defeased and the liability for those bonds has been removed from the County's Courthouse Building Fund records.

The County refunded the debt to reduce its total debt service payments over the next eight years by $1,415,956.62 and to obtain an economic gain of $1,405,981.54.

Debt payable at December 31, 2013, is comprised of the following:

Certificates of Participation:

Limited Tax General Obligation – Series 2005A, 4.0 to 4.25 Percent Interest, Final Maturity Date of November 2020, Retired By the Courthouse Building Fund (Special Revenue Fund).	$ 1,700,000.00
Limited Tax General Obligation – Series 2005B, 4.0 to 4.25 Percent Interest, Final Maturity Date of November 2016, Retired By the Courthouse Building Fund (Special Revenue Fund).	$ 630,000.00
Limited Tax General Obligation – Series 2005C, 4.29 Percent Interest, Final Maturity Date of November 2025, Retired By the Courthouse Building Fund (Special Revenue Fund).	$ 2,028,521.50

Limited Tax General Obligation – Series 2006, 3.65 to 4.0 Percent Interest, Final Maturity Date of December 2020, Retired By the Courthouse Building Fund (Special Revenue Fund).	$ 1,515,000.00
Limited Tax General Obligation – Series 2007A, 4.25 to 4.75 Percent Interest, Final Maturity Date of December 2027, Retired By the Bond Redemption Fund (Debt Service Fund).	$ 9,705,000.00
Limited Tax General Obligation – Series 2007B, 3.5 to 3.7 Percent Interest, Final Maturity Date of December 2014, Retired By the Courthouse Building Fund (Special Revenue Fund).	$ 330,000.00
Limited Tax General Obligation – Series 2007C, 3.7 to 4.0 Percent Interest, Final Maturity Date of December 2014, Retired By the Courthouse Building Fund (Special Revenue Fund).	$ 370,000.00
Taxable Limited Tax General Obligation – Series 2010A (Recovery Zone Economic Development Bonds), 1.50 to 5.75 Percent Interest, Final Maturity Date of December 2030, Retired by the Bond Redemption Fund (Debt Service Fund).	$ 2,755,000.00
Limited Tax General Obligation – Series 2011A, 0.65 to 2.30 Percent Interest, Final Maturity Date of December 2020, Retired by the Courthouse Building Fund (Special Revenue Fund).	$ 1,825,000.00
Limited Tax General Obligation – Series 2013A, 2.00 to 2.125 Percent Interest, Final Maturity Date of December 2020, Retired by the Courthouse Building Fund (Special Revenue Fund).	$ 12,005,000.00

Financing (Capital Acquisition) Leases:

Capital Lease – Computer Hardware, 0 Percent Interest, Final Maturity Date of June 2014, Retired by the General Fund.	$ 1.00

The purchase price at the commencement of the financing (capital acquisition) lease was:

Principal	$ 44,231.00
Interest	0.00
TOTAL	$ 44,231.00

The principal amount, above, was included in the appropriate classification of capital assets, and is being depreciated over the useful-life of the asset.

Capital Lease – Computer Hardware, 0 Percent Interest, Final Maturity Date of June 2019, Retired by the General Fund.	$ 24,600.00

The purchase price at the commencement of the financing (capital acquisition) lease was:

Principal	$ 24,600.00
Interest	0.00
TOTAL	$ 24,600.00

The principal amount, above, was included in the appropriate classification of capital assets, and is being depreciated over the useful-life of the asset.

Compensated Absences:

Vacation Leave	$ 2,049,750.13
Sick Leave	$ 1,110,361.57

Payments to be made by the fund to which the payroll expenditures are charged.

Tax Increment Financing Notes issued November 2010 between the County and South Dakota Network (SDN) in the maximum estimated principal amount $588,000.00 at 6% interest with final payment of December 1, 2031. Payments are made from tax increments collected and distributed from the Tax Incremental District #2 Fund established by the County. It is estimated that the increments will be for 2012 taxes paid in 2013. As of December 31, 2013, the principal amount had not yet been certified therefore the liability is not reported on financial statements.

The annual requirements to amortize all debt outstanding as of December 31, 2013, except for compensated absences and other postemployment benefits, are as follows:

Annual Requirements to Amortize Long-Term Debt
December 31, 2013

Year Ending Dec. 31,	Certificates of Participation		Financing (Capital Acquisition) Leases		TOTAL	
	Principal	Interest	Principal	Interest	Principal	Interest
2014	$ 3,192,421.35	$ 1,097,263.00	$ 4,101.00	$	$ 3,196,522.35	$ 1,097,263.00
2015	3,323,163.16	1,001,002.88	4,100.00		3,327,263.16	1,001,002.88
2016	3,419,153.93	907,187.11	4,100.00		3,423,253.93	907,187.11
2017	3,510,404.45	809,401.59	4,100.00		3,514,504.45	809,401.59
2018	3,606,926.01	706,475.03	4,100.00		3,611,026.01	706,475.03
2019 – 2023	10,737,790.94	2,115,696.74	4,100.00		10,741,890.94	2,115,696.74
2024 – 2028	4,683,661.66	694,405.40			4,683,661.66	694,405.40
2029 – 2033	390,000.00	33,925.00			390,000.00	33,925.00
TOTAL	$ 32,863,521.50	$ 7,365,356.75	$ 24,601.00	$ 0.00	$ 32,888,122.50	$ 7,365,356.75

9. CONDUIT DEBT

In the past, the County has issued revenue bonds to provide financial assistance to certain private-sector entities for the acquisition and/or construction of facilities deemed to be in the public interest. These bonds are secured by the property being financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities is retained by the private-sector entity served by the bond issuance. Neither the County, the State of South Dakota, nor any other political subdivision of the State is obligated in any manner for the repayment of these conduit debt issues. Accordingly, these bonds are not reported as liabilities in the accompanying financial statements. As of December 31, 2013, there were six series of conduit bonds outstanding, with an aggregate unpaid principal amount of $27,264,964.35.

10. OPERATING LEASES

The County entered into a lease agreement on April 1, 1995, with thirteen other counties to provide them access to the County's juvenile detention facilities. This contract is to remain in effect for twenty years (until March 31, 2015). The payments will be the same throughout the term of the lease agreement and are due each June 1st and December 1st.

The counties and their annual rental payments are as follows:

Bon Homme	$	4,332.12
Brookings		22,726.18
Charles Mix		6,370.16
Clay		9,680.67
Hanson		2,294.08
Hutchinson		5,604.60
Lake		7,642.64
Lincoln		14,012.80
McCook		3,822.61
Miner		2,038.04
Moody		5,604.60
Turner		4,841.63
Yankton		14,775.77
	$	103,745.90

There will be an additional daily charge to the participating counties for expenses related to housing juveniles in the detention facilities.

11. RESTRICTED NET POSITION

Restricted Net Position for the year ended December 31, 2013, was as follows:

Major Purposes:		
Road and Bridge Purposes	$ 6,792,728.13	
Courthouse Building Purposes	2,449,804.16	
Other Purposes:		
Federal Grant Purposes	111,412.07	
Bond Redemption Purposes	220,051.57	
Capital Projects Purposes	551,647.54	
Fire Protection Purposes	69,650.29	
Public Library Purposes	362,560.79	
Domestic Abuse Purposes	18,726.87	
24/7 Sobriety Purposes	332,994.20	
Modernization and Preservation Relief Purposes	119,462.02	
TIF #2 Purposes	46,673.72	
Total Other Purposes	1,833,179.07	
Total Restricted Net Position		**$ 11,075,711.36**

These balances are restricted due to federal grants, bond covenants, and statutory requirements.

12. INTERFUND TRANSFERS

Interfund transfers for the year ended December 31, 2013, were as follows:

	Transfers To:		
Transfers From:	General Fund	Other Governmental Funds	Total
Major Funds:			
General Fund	$	$ 149,143.00	$ 149,143.00
Road and Bridge Fund	11,361.57		11,361.57
Total	$ 11,361.57	$ 149,143.00	$ 160,504.57

The County typically budgets transfers to the Emergency Management Fund (Other Governmental Fund) to conduct the indispensable functions of the County. The County's policy is to transfer interest earnings from the Road and Bridge Fund to the General Fund.

13. PRIOR PERIOD ADJUSTMENTS

The Net Position as of January 1, 2013, reported on the government-wide Statement of Activities has been adjusted (decreased) in the amount of ($13,597.74) to restate the amount reported for capital assets – machinery and equipment.

The Net Position as of January 1, 2013, reported on the government-wide Statement of Activities has been adjusted (decreased) in the amount of ($238,098.83) to restate the amount reported for net deferred and unamortized amounts pursuant to the accounting changes adopted to conform to the provisions of GASB Statement 65 paragraph .34.

14. RETIREMENT PLAN

All employees, except for part-time employees, participate in the South Dakota Retirement System (SDRS), a cost-sharing, multiple employer public employee retirement system established to provide retirement benefits for employees of the State of South Dakota and its political subdivisions. The SDRS provides retirement, disability, and survivor benefits. The right to receive retirement benefits vests after three years of credited service. Authority for establishing, administering and amending plan provisions are found in SDCL 3-12. The SDRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the SDRS, P.O. Box 1098, Pierre, SD 57501-1098 or by calling (605)773-3731.

General employees are required by state statute to contribute 6 percent of their salary to the plan, while public safety and judicial employees contribute at 8 percent and 9 percent, respectively. State statute also requires the employer to contribute an amount equal to the employee's contribution. State statute also requires the employer to make an additional contribution in the amount of 6.2 percent for any compensation exceeding the maximum taxable amount for social security for general employees only. The County's share of contributions to the SDRS for the fiscal years ended December 31, 2013, 2012, and 2011 were $1,651,284.20, $1,584,105.03, and $1,612,509.08, respectively, equal to the required contributions each year.

15. OTHER POSTEMPLOYMENT BENEFITS - HEALTHCARE PLAN

Plan Description. The Minnehaha County Health Care Trust Plan is a single-employer defined benefit healthcare plan administered by the County. The Minnehaha County Health Care Trust Plan provides medical insurance benefits to eligible retirees and their spouses as permitted by SDCL 6-1-16. Benefit provisions were established and may be amended by the governing board. The health plan does not issue separately stated stand-alone financial statements.

Funding Policy. The contribution requirements of plan members and the County are established and may be amended by the governing board. A benefited employee, who retires from the County on or after the age of 45 with at least 15 years of consecutive service with the County and has 5 years of plan participation immediately preceding retirement, may be eligible for retiree health insurance coverage. Coverage ceases when the retiree attains the age of 65. The retiree is responsible for 102% of the full active premium rates for either single or family coverage.

Annual OPEB Cost and Net OPEB Obligation. The entity's annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The following table shows the financial components of the plan:

Annual Required Contribution (ARC)	$ 49,864.00
Interest on net OPEB obligation	22,328.00
Adjustment to annual required contribution	(29,050.00)
Annual OPEB Cost	43,142.00
Contributions made	(18,326.00)
Increase (Decrease) in net OPEB obligation	24,816.00
Net OPEB obligation – beginning of year	446,558.65
Net OPEB obligation – end of year	$ 471,374.65

The entity's annual OPEB cost data and net OPEB obligation was as follows:

Fiscal Year Ended	Annual OPEB Cost	Actual Employer Contribution	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
12/31/11	$ 87,175.00	$ (16,444.87)	(18.87%)	$ 370,316.78
12/31/12	$ 87,175.00	$ 10,933.13	12.54%	$ 446,558.65
12/31/13	$ 43,142.00	$ 18,326.00	42.48%	$ 471,374.65

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The above schedule of funding progress presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In December 31, 2013, the most recent actuarial valuation date, the projected unit credit method was used. The actuarial assumptions included a 5% rate of return and an annual healthcare cost trend rate of 5.5% for 2014 reduced by .5% decrements to an ultimate rate of 5% for year 2015 and thereafter. Both rates include a 3% inflation assumption. The UAAL is being amortized as a level dollar amount on an open basis over a period of 30 years.

16. JOINT VENTURES

Metro Communications Agency (Agency) was jointly formed by the County and the City of Sioux Falls in 1980. In 2007, the County and the City entered into a subsequent joint cooperative agreement changing the composition and structure of Metro Communications to an administrative agency with its own standing, separate and apart from the governmental organizations of either the County or the City, effective on January 1, 2008.

The Agency is governed by a five member Council which includes two County Commissioners, the Mayor, and two members of the City Council appointed by the Mayor. The Agency is responsible for county-wide public safety dispatch, maintenance of centralized dispatch records, and the maintenance and purchasing of related communications equipment. Complete financial statements are available at the administrative offices located at 500 North Dakota Avenue, Sioux Falls, SD.

17. SIGNIFICANT CONTINGENCIES – LITIGATION

At December 31, 2013, the County was involved in several lawsuits. No determination can be made at this time regarding the potential outcome of these lawsuits. However, as discussed in the Risk Management note, the County has liability coverage for itself and its employees with South Dakota Public Assurance Alliance. Therefore, no material effects are anticipated to the County as a result of the potential outcome of these lawsuits.

18. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the period ended December 31, 2013, the County managed its risks as follows:

Employee Health Insurance:

The County is self-insured for employee health insurance.

The County purchases catastrophic coverage for employee's health insurance to minimize their exposure to risks of loss to the self-insurance program. The County purchases two types of insurance. The first is aggregate excess liability insurance. This insurance will pay 100% of all claims in excess of a pre-determined dollar amount for a claim year. The insurance company, applying an insurance industry formula based upon previous years' annual claims and group size, determines the dollar amount of aggregate claims. In 2013, the minimum aggregate deductible was the greater of: $4,063,488 or 100% of the monthly aggregate deductible for the first month of the policy year then multiplied by 12. The other form of insurance carried by the County on the self-insurance program covers individual cases. In 2013 the insurance set a $100,000 yearly deductible on individual cases. Any individual's eligible claim expenses exceeding $100,000 will be paid 100% by the insurance company. The insurance company sets an unlimited maximum lifetime coverage amount on individuals. Based on the 2013 insurance agreement, and a review of the previous agreement, the County's self-insurance program has not had any significant reductions in insurance coverage from previous years to the current year.

Minimum Aggregate Amount:

In 2013, the self-insurance program's total yearly claim expenses did not exceed the minimum aggregate deductible established by the insurance company. Additionally, the County's self-insurance program's total yearly claims have not exceeded the minimum aggregate deductible amount set by the insurance company for the previous ten years (2003 through 2013).

Individual Claim Amount:

In 2013, the insurance company set a $100,000 yearly deductible level on individual cases. In 2013, the program had four individuals with claim expenses that exceeded the individual claim level amount. In 2012, the program had three individuals with claim expenses that exceeded the individual claim level amount, and in 2011, the program had three individuals with claim expenses that exceeded the individual claim level amount.

The County has net position in the Self-Insurance Fund in the amount of $3,325,072.14 for the payment of future claims.

Liability Insurance:

The County joined the South Dakota Public Assurance Alliance (SDPAA), a public entity risk pool currently operating as a common risk management and insurance program for South Dakota local government entities. The objective of the SDPAA is to administer and provide risk management services and risk sharing facilities to the members and to defend and protect the members against liability, to advise members on loss control guidelines and procedures, and provide them with risk management services, loss control and risk reduction information and to obtain lower costs for that coverage. The County's responsibility is to promptly report to and cooperate with the SDPAA to resolve any incident which could result in a claim being made by or against the County. The County pays an annual premium, to provide liability coverage detailed below, under a claims-made policy and the premiums are accrued based on the ultimate cost of the experience to date of the SDPAA member, based on their exposure or type of coverage. The County pays an annual premium to the pool to provide coverage for:

a. General Liability,
b. Automobile Liability,
c. Officials' Liability, and
d. Law Enforcement Liability

The agreement with the SDPAA provides that the above coverages will be provided to a $1,000,000 limit. Member premiums are used by the pool for payment of claims and to pay for reinsurance for claims in excess of $250,000 for property coverage and $500,000 for liability coverage to the upper limit. A portion of the member premiums are also allocated to a cumulative reserve fund. The County would be eligible to receive a refund for a percentage of the amount allocated to the cumulative reserve fund on the following basis:

End of County's First Full Year	50%
End of County's Second Full Year	60%
End of County's Third Full Year	70%
End of County's Fourth Full Year	80%
End of County's Fifth Full Year	90%
End of County's Sixth Full Year and Thereafter	100%

As of December 31, 2013, the County has vested balance in the cumulative reserve fund of $343,399.39.

The County carries a $5,000 deductible for the general and law enforcement liability coverage, a $2,500 deductible for the officials' liability coverage, and no deductible for the automobile liability.

The County does not carry additional insurance to cover claims in excess of the upper limit. Settled claims resulting from these risks have not exceeded the liability coverage during the past three years.

Worker's Compensation:

The County joined the South Dakota Municipal League Worker's Compensation Fund (Fund), a public entity risk pool currently operating as a common risk management and insurance program for South Dakota local government entities. The objective of the Fund is to formulate, develop, and administer, on behalf of the member organizations, a program of worker's compensation coverage, to obtain lower costs for that coverage, and to develop a comprehensive loss control program. The County's responsibility is to initiate and maintain a safety program to give its employees safe and sanitary working conditions and to promptly report to and cooperate with the Fund to resolve any worker's compensation claims. The County pays an annual premium, to provide worker's compensation coverage for its employees, under a self-funded program and the premiums are accrued based on the ultimate cost of the experience to date of the Fund members. Coverage limits are set by state statute. The pool pays the first $650,000 of any claim per individual. The pool has reinsurance which covers up to statutory limits in addition to a separate combined employer liability limit of $2,000,000 per incident.

The County does not carry additional insurance to cover claims in excess of the upper limit. Settled claims resulting from these risks have not exceeded the liability coverage over the past three years.

Unemployment Benefits:

During the year ended December 31, 2013, two claims were filed for unemployment benefits. These claims resulted in the payment of benefits in the amount of $4,296.46. At December 31, 2013, no claims had been filed and were outstanding.

MINNEHAHA COUNTY
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
Schedules of Budgetary Comparisons for the General Fund
and for each major Special Revenue Fund with a legally required budget.

Note 1. Budgets and Budgetary Accounting:

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Between the fifteenth and thirtieth days of July in each year the Board of County Commissioners prepares and files with the County Auditor a provisional budget for the following year, containing a detailed estimate of cash balances, revenues and expenditures.

2. Prior to the first Tuesday in September in each year a notice of budget hearing is published once each week for two successive weeks, and the text of the provisional budget is published with the first publication.

3. The Board of County Commissioners holds a meeting for the purpose of considering the provisional budget on or prior to the first Tuesday in September in each year. Such hearings must be concluded by October first. Changes made to the provisional budget are entered at length in the minutes of the Board of County Commissioners.

4. Before October first of each year the Board of County Commissioners adopts an annual budget for the ensuing year. The adopted budget is filed in the office of the County Auditor.

5. After adoption by the Board of County Commissioners, the operating budget is legally binding and actual expenditures for each purpose cannot exceed the amounts budgeted, except as indicated in number 7.

6. A line item for contingencies may be included in the annual budget. Such a line item may not exceed 5 percent of the total county budget.

7. If it is determined during the year that sufficient amounts have not been budgeted, state statute allows the adoption of supplemental budgets.

8. Unexpended appropriations lapse at year end unless encumbered by resolution of the Board of County Commissioners.

9. Formal budgetary integration is employed as a management control device during the year for the General Fund and special revenue funds.

10. Budgets for the General Fund and special revenue funds are adopted on a basis consistent with USGAAP.

Note 2. Expenditures in Excess of Appropriations:

The following represents the overdrafts of the expenditures compared to appropriations at the legal level of budgetary control for the General Fund:

	Year Ended 12/31/2013
General Fund:	
Activity	
Debt Service	$ 16,480.00

The expenditure in excess of appropriation for Debt Service represents the lease payment for the computer hardware. The County did not budget for this expenditure

The following represents the overdraft of the expenditures compared to the appropriations at the legal level of budgetary control for the Road and Bridge Fund.

	Year Ended 12/31/2013
Road and Bridge Fund:	
Activity	
Intergovernmental Expenditures	$ 317,516.00

The expenditure in excess of appropriation for Intergovernmental Expenditures was due to the implementation of a prior recommendation to record wheel tax distributions as intergovernmental expenditures. The County budgeted for the wheel tax distributions in the Highways, Roads and Bridges function and did not adjust the budget accordingly for reporting purposes.

Note 3. GAAP/Budgetary Accounting Basis Differences:

The financial statements prepared in conformity with USGAAP present capital outlay expenditure information in a separate category of expenditures. Under the budgetary basis of accounting, capital outlay expenditures are reported within the function to which they relate. For example, the purchase of a new sheriff's patrol car would be reported as a capital outlay expenditure on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances, however in the Budgetary RSI Schedule, the purchase of a new sheriff's patrol car would be reported as an expenditure of the Public Safety/Law Enforcement function of government, along with all other current Law Enforcement Department related expenditures.

GRAND TOTAL		$ 1,548,230.06

Note 1: The accompanying schedule of expenditures of federal awards includes the federal grant activity of the County and is presented on the modified accrual basis of accounting unless otherwise noted. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 2: Federal reimbursements are not based upon specific expenditures. Therefore, the amounts reported here represent cash received rather than federal expenditures.

Note 3: This represents a Major Federal Financial Assistance Program.

Note 4: Of the federal expenditures presented in the schedule, the County provided federal awards to subrecipients as follows:

Program Title	Federal CFDA Number	Amount Provided to Subrecipients
Community Development Block Grants/State's Program	14.228	$ 126,826.74
Juvenile Accountability Block Grant (JAB)	16.523	54,738.32
Juvenile Justice and Delinquency Prevention--Allocation to States (JJDPA)	16.540	137,007.28
Public Safety Partnership and Community Policing Grant (Cops)	16.710	1,720.57
Promoting Safe and Stable Families	93.556	83,620.00
Total		$ 403,912.91

Note 5: The amount reported represents 23.3% of the original acquisition cost of the federal surplus property received by the County.
