

PLANNED DEVELOPMENT DISTRICT MAJOR AMENDMENT

Major amendments to the Initial or Final Development Plan of a Planned Development District within the unincorporated areas of the county must be approved as an amendment to the zoning regulations. This entails a three step process with hearings before both the County Planning Commission, the Minnehaha County Commission, and publication of the approved changes in the official newspapers of the county.

Any of the following are considered major amendments:

- Any change in the proposed land uses.
- Any major change in the street pattern.
- A change in the boundaries of a subarea.
- An increase in density equal to:
 - 25% or greater for a subarea with less than eight units.
 - 15% or greater for a subarea with nine to twenty units.
 - 8% or greater for a subarea with twenty-one units or more.

In order to apply for a major amendment an applicant must complete an application form (attached), provide a full written description of the proposed amendment, suggested text changes for the Planned Development District regulations, and submit the required \$100 non-refundable application fee by the deadline preceding a Planning Commission meeting. If the amendment entails a change in street patterns or subarea boundaries, a

revised plan of the development will also be required as part of the application.

The Planning Commission meets the fourth Monday of each month (except December and holidays). The application deadline for the meeting is 30 days before the meeting. The applicant will be provided with a notification sign that must be posted on their property at least one week before the meeting. State law also requires that the applicant notify abutting property owners of the date and time of the meeting by registered mail at least one week before the meeting and provide proof of this mailing to the Planning Office. The Planning Department provides a sample letter and with the names and addresses of the abutting landowners.

At the meeting, the Planning Commission will hear the background information from staff and will take testimony on the application. They will then take action to recommend approval or denial of the application. The Planning Commission's decision serves as a recommendation to the County Commission.

The County Commission hearing on the item will be held on the third Tuesday of the following month. After hearing background information from county staff and taking testimony from both proponents and opponents the commissions will make a decision to either approve or deny the amendment request. If the amendment is approved, then notice of the ordinance amendment will be published in the official county newspapers and will become effective 20 days following the final publication.
