

## Natural Drainage Permit Downstream Notification Letter

Dear Downstream Landowner,

I am applying for a drainage permit from the Minnehaha County Planning Department. The permit will allow the removal of sediment or vegetation from a natural drain, up to two feet in depth or to the original depth and capacity of the channel, whichever is less. The work will be performed on property legally described as:

---

Ordinance MC38-10, the 2010 Revised Drainage Ordinance of Minnehaha County, requires that provide written notification to all landowners a 1/2 mile downstream of this drainage project by certified mail. If there are no objections, the Planning Department will issue the drainage permit.

Objections to the drainage permit must be filed with the County Planning Department no later than 5 pm on:
