Planning Introduction

- Minnehaha County's **Envision 2035** is a long-range comprehensive planning document that provides a guide for how the County will grow over the next 20 years. The plan will provide direction in making land use and development decisions throughout the rural area of the County. It will communicate our values, goals and policies for both our current residents and future generations.
- Developing a plan is a way for residents and stakeholders to talk about what is important to them not just today, but tomorrow as well.
- It allows the community an opportunity to talk about what is important to them over the long term.

Envision 2035 Introduction

Project Goals

- Construct a plan that will effectively guide residents and decision-makers in future land use and development decisions.
- Form a plan that addresses agricultural, rural and urban lifestyle choices along with managing our natural and environmental resources.
- Create a plan that represents the goals and values of Minnehaha County while creating a vision for maintaining a high quality of life.

Task Force Duties

- Structure opportunities for stakeholder and public input through open houses, visioning sessions, public meetings, and other methods.
- Review the overall planning process and provide recommendations.
- Develop goals and objectives for the plan.
- Identify the issues that need to be addressed in the plan.
- Attend task force and public meetings as scheduled.

Schedule Discussion

- **Comprehensive planning** is a term used in the United States by land use planners to describe a process that determines community goals and aspirations in terms of community development.
- The **outcome** of comprehensive planning is the Comprehensive Plan which dictates public policy in terms of transportation, utilities, land use, recreation, and housing. Comprehensive plans typically encompass large geographical areas, a broad range of topics, and cover a long-term time horizon.
