Wood Waste	12.48 Tons
Iron/Appliances	21.14 Tons
Tires	9.76 Tons
Total	97.52 Tons

COUNTY PLANNING SPRING CLEAN UP

The Planning Department held it's 2nd spring cleanup on two consecutive Saturdays. The project was managed by Planner Ryan Streff. Residents who had wet basements from spring flooding were able to dump ruined materials free of charge. Many people took advantage of the day to get rid of old tires and large items - couches, organs, exercise equipment - and to clean out their garages and sheds.
