TITLE AND PURPOSE**

SECTIONS: 1.01 Title
 1.02 Purpose

1.01 TITLE. These regulations shall be referred to as the 2001 Revised Joint Zoning Ordinance for Minnehaha County and the City of Dell Rapids. *(amended by MC28-01-03)*

1.02 PURPOSE. These regulations have been based upon the Dell Rapids 2000-2020 Comprehensive Plan adopted by the Board of County Commissioners and the City Council on August 21, 2001 and are in conformance with Chapters 11-2, 11-4 and 11-6 of the South Dakota Compiled Laws. These regulations shall establish a common working relationship between the City of Dell Rapids and Minnehaha County to carry out the goals and objectives of the plan as adopted by the city and county, but especially to lessen congestion in the streets; to secure safety from fire, panic and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration or scattering of population; and to encourage a distribution of population or mode of land utilization that will facilitate the economical and adequate provisions of transportation, roads, water supply, drainage, sanitation, education, recreation, or other public requirements. The regulations are intended to preserve and protect existing property uses and values against adverse or unharmonious adjacent uses by zoning land outside the corporate boundaries of the City of Dell Rapids but not to exceed three miles from said corporate limits.

2.02 DISTRICTS DESIGNATED. In order to regulate and restrict the height, number of stories, and size of buildings and other structures; the percentage of a lot that may be occupied; the size of the yards, courts, and other open spaces; the density of population; and the location and use of buildings, structures, and land for trade, industry, residence, or other purposes; the joint zoning jurisdiction is hereby divided into the following districts:

- | | | | |
|------|-------------------|-----|-------------------------|
| A-1 | Agricultural | I-1 | Light Industrial |
| RR-1 | Rural Residential | I-2 | General Industrial |
| R-1 | Residential | RC | Recreation/Conservation |
| RR-5 | Rural Residential | PD | Planned Development |
| C | Commercial | | |

DISTRICTS AND BOUNDARIES

The following districts shall be designated as zoning overlay districts, imposing special regulations on the properties that fall within these overlay districts without abrogating the requirements imposed by the underlying land use district regulations:

WS Water Source Protection

2.03 INCORPORATED BY REFERENCE. The following are hereby adopted and incorporated by reference:

- (A). The Official Zoning Map of the area of jurisdiction, together with all the explanatory matter thereon and attached thereto, is hereby adopted by reference and is declared to be a part of these regulations. The map shall be signed by the Chairman of the Board of County Commissioners and the Mayor and filed with the County Auditor.
- (B). The Flood Insurance Rate Map is hereby adopted by reference and declared to be a part of these regulations. Areas shown as Zone A, AO or A1- A30 on the F.I.R.M. but which are zoned A-1 Agricultural on the zoning map shall be governed by the provisions of the RC Recreation/Conservation District.
- (C). The approved plans submitted in conjunction with any Planned Development are hereby adopted by reference and declared to be a part of these regulations.

2.04 BOUNDARIES OF DISTRICTS; MAPS. The boundaries of the districts are shown upon the official zoning map which has been made a part hereof by reference. That part of the maps designating the different districts and their boundaries and that part of the legend designating the symbols for each district shall have the same force and effect as if they were all fully set forth herein. Other notations and references thereon are for information only.

2.05 RULES WHERE UNCERTAINTY AS TO BOUNDARIES ARISES. Where uncertainty exists with respect to the boundaries of the various districts shown on the maps accompanying and made a part of these regulations by reference, the following rules apply:

- (A). The district boundaries are roads unless otherwise shown, and where the districts are bounded approximately by roads, the road shall be construed to be the boundary of the district.
- (B). Where the property has been or may hereafter be divided into blocks and platted lots, the district boundary shall be construed to coincide with the nearest platted lot lines; and where the districts are bounded approximately by platted lot lines, the platted lot lines shall be construed to be the boundary of the district, unless the boundaries are otherwise indicated on the maps.

DISTRICTS AND BOUNDARIES

- (C). In unplatted property, the district boundary lines shall be determined by use of the scale appearing on the map or the legal description as indicated.

2.06 VACATION OF STREETS AND ROADS. Whenever any street, road or other public way is vacated, the zoning district adjoining each side of such street, road, or other public way is extended to the center of such vacation; and all area included in the vacation shall then and henceforth be subject to the appropriate regulations of the extended districts.

2.07 EXPANSION OF JOINT ZONING JURISDICTION. The boundaries of the joint zoning jurisdiction may be extended upon approval by resolution of the Board of County Commissioners provided such boundary line does not exceed a distance of three miles from the nearest corporate limit line and is not within three miles of any other municipality. *(amended by MC28-01-03)*

2.08 CLASSIFICATION OF LAND COMING WITHIN THE JOINT ZONING JURISDICTION. Before any territory may come under the jurisdiction of these regulations, it shall first be zoned as provided herein. *(amended by MC28-01-03)*

**ARTICLE 3.00
A-1 AGRICULTURAL DISTRICT**

- SECTIONS: 3.01 Intent
3.02 Permissive Uses
3.03 Permitted Special Uses
3.04 Conditional Uses
3.05 Accessory Uses
3.06 Parking Regulations
3.07 Sign Regulations
3.08 Density, Area, Yard and Height Regulations

3.01 INTENT. It shall be the intent of this district to provide for a vigorous agricultural industry by preserving for agricultural production those agricultural lands beyond areas of planned urban development. It is recognized that because of the nature of both agricultural activities and residential subdivisions, that these two uses are generally poor neighbors and therefore a concentration of housing in the A-1 Agricultural District shall be discouraged.

3.02 PERMISSIVE USES. A building or premises shall be permitted to be used for the following purposes in the A-1 Agricultural District:

- (A). Agriculture. A building for the storage of agricultural equipment or products shall be allowed providing the following conditions have been met:*(amended by MC28-11-07 1/16/2007)*
- 1) The parcel(s) consists of not less than forty (40) acres.
 - 2) The property's principal use is devoted to agriculture.
- (B). A single-family dwelling if the following provisions for building eligibility are met: *(amended by MC28-02-04 3/23/04)*
- 1). Each quarter-quarter section shall have one building eligibility when all the following conditions are met:
 - a). There are no other dwellings on the quarter-quarter section.
 - b). The building site shall be a minimum of one acre.
 - c). Approval has been granted by the appropriate governing entity for access onto a public road.
 - d). The remaining portion of the quarter-quarter section is retained as agricultural land or in its present use.
 - e). Prior to any building permit being issued for any new single family residence located in the A-1 Agriculture District, a Right to Farm Covenant shall be filed on the parcel of land upon which the new structure will be located. Only the following shall constitute a Right to Farm Covenant: **“RIGHT TO FARM NOTICE COVENANT**
You are hereby notified that the property on which you are constructing a structure is in or near agricultural land, agricultural operations or agricultural processing facilities or operations. You may be subject to

A-1 AGRICULTURAL DISTRICT

inconvenience or discomfort from lawful agricultural or agricultural processing facility operations. Agricultural operations may include, but are not limited to, the following: the cultivation, harvesting, and storage of crops; livestock production; ground rig or aerial application of pesticides or herbicides; the application of fertilizer, including animal waste; the operation of machinery; the application of irrigation water; and other accepted and customary agricultural activities conducted in accordance with Federal, State, and County laws. Discomforts and inconveniences may include, but are not limited to: noise, odors, fumes, dust, smoke, burning, vibrations, insects, rodents, and/or the operation of machinery (including aircraft) during any 24-hour period. If you live near an agricultural area, you should be prepared to accept such inconveniences or discomforts as a normal and necessary aspect of living in an area with a strong rural character and an active agricultural sector. You are also notified that there is the potential for agricultural or agricultural processing operations to expand. This notification shall extend to all landowners, their heirs, successors or assigns and because it is required pursuant to the issuance of a building permit, may not be removed from the record title without consent of the Dell Rapids and Minnehaha County Planning Commissions.” *(amended MC28-08-06 5/23/06)*

- (C). Elementary or high school.
- (D). Historical sites.
- (E). Church.
- (F). Neighborhood utilities.
- (G). Antenna support structure. *(amended by MC28-01-03 9/25/01)*

 - 2). The operation shall meet the requirements of Table 1 in Section 12.10 (F) and Section 12.10 (G).
 - 3). The operation shall not be in the Water Source Protection Overlay District or a flood plain.
- (I). Concentrated animal feeding operation (existing) shall be allowed to expand provided: *(amended by MC28-05-056/28/05 and MC28-10-06 7/25/06)*
- 1). The operation is located in a farmstead or property contiguous to, and smaller than, the aforementioned farmstead.
 - 2). The operation shall not be located in the Water Source Protection Overlay District, over a mapped shallow aquifer area, or in a flood plain.
 - 3). The operation shall not exceed 1000 animal units.
 - 4). There is conformance with South Dakota Department of Environment and Natural Resources design standards for any newly constructed waste containment facility. A registered professional engineer shall certify the plan specifications and the construction of the facility.
 - 5). Approval by the Planning Director of a nutrient management plan which has been prepared in conformance with the South Dakota Department of Environment and Natural Resources standards.
 - 6). The operation shall meet the requirements of Table 1 in Section 12.10 (F) and Section 12.10 (G).
 - 7). All liquid waste generated by the additional animal units shall be injected.

A-1 AGRICULTURAL DISTRICT

In the event of an extraordinary circumstance, surface application may be allowed in accordance with the provisions of Section 12.10 (E)(3). The Planning Director may approve the surface application of livestock production surplus water in accordance with Section 12.10 (E)(3).

- 8). The operation is not located within 2640 feet of a municipality.
 - 9). The expansion shall not exceed 500 animal units.
- (J). Telecommunication and broadcast tower in conformance with Article 12.12.
(*amended by MC28-01-03 9/25/01*)

3.04 CONDITIONAL USES. A building or premises may be used for the following purposes in the A-1 Agricultural District if a conditional use has been obtained in conformance with the requirements of Article 19.00:

- (A). Rock, sand, or gravel extraction in conformance with Article 12.08.
- (B). Mineral exploration in conformance with Article 12.04.
- (C). Airport/heliport.
- (D). A single-family dwelling on a parcel which is not a lot of record provided:
 - 1). The deed to the land or the agreement to convey the parcel was recorded with the Register of Deeds prior to September 27, 1988.
 - 2). There are no other dwellings located on the parcel, except a parcel of 80 acres or more shall have building eligibility determined as follows:
 - a). The acreage of the parcel shall be divided by 40 acres. The resulting whole number minus the number of existing dwellings on the parcel shall represent the building eligibility.
 - b). Each building site shall consist of a minimum of one acre.
 - 3). The building site shall not conflict with other existing or potential land use activities or the prevailing pattern of development.

9.01 INTENT. This district is intended to protect natural drainage courses in their capacity to carry run-off water, to limit permanent structures and uses of land in areas subject to flooding, to prevent the pollution of underground water supplies (aquifers), to provide open space and natural areas for recreation, and add to the aesthetic quality of the area.

9.02 PERMISSIVE USES. A building or premises shall be permitted to be used for the following purposes in the RC Recreation/Conservation District:

- (A). Agriculture. A building for the storage of agricultural equipment or products shall be allowed providing the following conditions have been met:*(amended by MC28-11-07 1/16/2007)*
 - 1) The parcel(s) consists of not less than forty (40) acres.
 - 2) The property's principal use is devoted to agriculture.
- (B). Public park; forest preserve.
- (C). Public golf course.
- (D). Historic sites.
- (E). A single-family dwelling if the following provisions for building eligibility are met: *(amended by MC28-02-04 3/23/04)*
 - (1). Each quarter-quarter section shall have one building eligibility when all the following conditions are met:
 - a). There are no other dwellings on the quarter-quarter section.
 - b). The building site is not in the 100-year flood plain as identified on the Flood Insurance Rate Map.
 - c). The building site shall be a minimum of one acre.
 - d). Approval has been granted by the appropriate governing entity for access onto a public road.
 - e). The remaining portion of the quarter-quarter section is retained as agricultural land or in its present use.
 - f). Prior to any building permit being issued for any new single family residence located in the RC Recreation/Conservation District, a Right to Farm Covenant shall be filed on the parcel of land upon which the new structure will be located. Only the following shall

constitute a Right to Farm Covenant: “**RIGHT TO FARM
NOTICE COVENANT**

You are hereby notified that the property on which you are constructing a structure is in or near agricultural land, agricultural operations or agricultural processing facilities or operations. You may be subject to inconvenience or discomfort from lawful agricultural or agricultural processing facility operations.

Agricultural operations may include, but are not limited to, the following: the cultivation, harvesting, and storage of crops; livestock production; ground rig or aerial application of pesticides or herbicides; the application of fertilizer, including animal waste; the operation of machinery; the application of irrigation water; and other accepted and customary agricultural activities conducted in accordance with Federal, State, and County laws. Discomforts and inconveniences may include, but are not limited to: noise, odors, fumes, dust, smoke, burning, vibrations, insects, rodents, and/or the operation of machinery (including aircraft) during any 24-hour period. If you live near an agricultural area, you should be prepared to accept such inconveniences or discomforts as a normal and necessary aspect of living in an area with a strong rural character and an active agricultural sector. You are also notified that there is the potential for agricultural or agricultural processing operations to expand. This notification shall extend to all landowners, their heirs, successors or assigns and because it is required pursuant to the issuance of a building permit, may not be removed from the record title without consent of the Dell Rapids and Minnehaha County Planning Commissions.” *(amended by MC 28-08-06 5/23/06)*

- SECTIONS: 10.01 Intent
10.02 Procedure
10.03 Initial Development Plan
10.04 Final Development Plan
10.05 Amendments
10.06 Planned Development Districts

10.01 INTENT. It is the intent of this district to provide flexibility from conventional zoning regulations with increased public review for PD Planned Development District projects in order to:

- (A). Encourage well planned, efficient development.
- (B). Allow a planned and coordinated mix of land uses which are compatible and are harmonious, but previously discouraged by conventional zoning procedures.
- (C). Encourage the redevelopment of contiguous large lot parcels into an integrated and orderly subdivision pattern, with particular attention to developing an efficient and coordinated network of internal streets.
- (D). Promote the clustering of residential structures and other uses without increasing overall density of the development area in order to preserve unique and natural features such as woodlands, wetlands, natural drainage systems and scenic areas.
- (E). Protect sensitive areas and areas with restrictive soil conditions within development areas through clustering of uses on land more suited for building.
- (F). Reserve adequate public right-of-way within development areas for the eventual extension of arterial and collector streets, including proper width and spacing of such streets.
- (G). Improve communication and cooperation among the County, townships, land developers, and interested residents in the development of agricultural land and redevelopment of existing areas.

It is not the intent of the PD Planned Development District to accommodate or encourage the development of isolated small tracts where adjoining parcels are not considered within an overall development scheme.

10.02 PROCEDURE

**PD PLANNED
DEVELOPMENT
DISTRICT**

(A). Initial Development Plan.

When a petitioner wants to request a rezoning to the Planned Development District, he shall submit his request to the Office of Planning and Zoning, showing the information specified in 10.03 below, a minimum of 30 days prior to the joint meeting of the County and City Planning Commissions at which consideration is desired. After the planned development request has been reviewed, the Planning Commissions shall make a recommendation to the County Commission and City Council on the requested rezoning. The County Commission and City Council shall then act to approve or deny said request.

This request for rezoning is subject to the requirements for amendment of the zoning regulations specified in Article 20.00. No permit shall be issued within the development until the Final Development Plan is approved and the plat is filed.

(B). Final Development Plan.

Prior to construction on any lots in the planned development, the petitioner shall present a Final Development Plan showing the information specified in 10.04 below, to the Planning Commissions, who shall have the sole authority to approve, deny, or amend said plan.

The Final Development Plan may be submitted in conjunction with the Initial Development Plan for concurrent approval on any subareas the developer is ready to commit to a final plan. All the information required for both an Initial and Final Development Plan must be shown for the area submitted for concurrent approval, except that the developer may reference the requirements of one of the traditional zoning districts as the development standard for a particular subarea.

(C). Amendments.

(1). Major Amendments. Major amendments to the Initial and/or Final Development Plan shall be required to be approved as an amendment to the zoning regulations, requiring Planning Commissions' review, and County Commission and City Council approval.

(2). Minor Amendments. Minor amendments to the Initial and/or Final Development Plan shall be required to be approved by the Planning Commissions at a hearing. Notice of such hearing shall be given by the posting of a sign on the property.

Minor amendments to the Initial Development Plan may also be made by the submission and approval of a Final Development Plan which is changed from the approved Initial Development Plan. Any such

**PD PLANNED
DEVELOPMENT
DISTRICT**

amendments shall be shown as a change from the Initial Development Plan on the Final Development Plan, and further these changes shall be made on the Initial Development Plan on file with the County Register of Deeds.

- (3). Minimal Amendments. Minimal amendments to the Final Development Plan shall be submitted to the Planning Director on a reproducible development plan showing the requested changes. The Planning Director may then approve such change in writing, if he/she deems it appropriate.

10.03 INITIAL DEVELOPMENT PLAN. Upon application for rezoning to the Planned Development District, the petitioner shall present an Initial Development Plan to the Planning Commissions for review, and to County Commission and City Council for their approval showing the following information:

- (A). Project name and legal description.
- (B). A preliminary subdivision plan.
- (C). The proposed development scheme showing the following information:
 - (1). The proposed land uses, including the number and type of proposed residential buildings, the proposed number of dwelling units per building, the number and type of any proposed nonresidential buildings and their square footage.
 - (2). The proposed maximum density of the development, which shall not exceed the density allowed in the traditional zoning districts for similar uses, except where unique physical, environmental or design characteristics make such densities undesirable.
 - (3). The proposed minimum setbacks which shall be no less than those required in the traditional zoning districts for similar uses, except where unique physical, environmental or design characteristics make such setbacks undesirable.
 - (4). The proposed maximum height which shall be no greater than that required in the traditional zoning districts for similar uses, except where unique physical, environmental or design characteristics make such heights undesirable.
 - (5). Proposed design features illustrating compatibility to the surrounding environment and neighborhood.

- (6). Anticipated subarea development sequence.

10.04 FINAL DEVELOPMENT PLAN. Prior to construction on any lots in the Planned Development Zoning District, the petitioner shall present a Final Development Plan to the Planning Commissions for their approval. The Final Development Plan shall show the following information:

- (A). The subdivision name, the legal description, and the individual project name (if any).
- (B). Boundaries of the subarea or subareas submitted for approval superimposed on the map of the Initial Development Plan.
- (C). A subdivision plat of the subarea or subareas submitted for approval.
- (D). A scale drawing showing the following information will be required for everything except single-family detached dwelling subareas:
 - (1). Size and location of proposed structures including height and number of units.
 - (2). Calculated floor area for each structure and a generic listing of the uses within said structure.
 - (3). Off-street parking lot arrangement designating all parking spaces, off-street loading spaces, and any outdoor trash container spaces.
 - (4). Any sidewalks, bikeways or other paths.
 - (5). Landscaping plans showing the type and location of any walls or fences, the placement, size and species of any trees or shrubs, and berms in areas that will be sod or seeded.
 - (6). All existing and proposed utilities, drainageways, water courses, and location of above ground existing utilities on adjacent property.
 - (7). Proposed final ground contours.
 - (8). Existing and proposed uses adjacent to the area.
 - (9). Documentation of the ownership and maintenance responsibility of any common open spaces, structures, or facilities including private streets.
 - (10). Any subareas proposed for multiple residential development will be required to provide an open area for recreation. Said open spaces shall not be included in any required yard, but shall be located in the same subarea it is intended to serve.
 - (11). Proposed parking and loading spaces which shall be in conformance with Article 15.00, except where unique physical, environmental or design characteristics make such requirements undesirable.
 - (12). Unless otherwise specified on the Final Development Plan, all development standards shall be the same as those set forth in the

**PD PLANNED
DEVELOPMENT
DISTRICT**

traditional zoning districts, which shall be referenced for each subarea as a part of the Final Development Plan. For example: townhouses on Block X shall be developed in conformance with the requirements of the RD Residential District.

10.05 AMENDMENTS.

(A). The following changes in an Initial and/or Final Development Plan are considered major amendments:

- (1). Any change in the proposed land uses.
- (2). Any major change in the street pattern.
- (3). An increase in density above that provided for in (B)(5) below.

(B). Minor Amendments

The following changes in an Initial and/or Final Development Plan are considered minor amendments:

- (1). Any adjustment in the size or shape of the building envelope (increasing the height or reducing the building setback).
- (2). Major decrease in density.
- (3). Any decrease in the size of required open areas.
- (4). A minor change in the street pattern.
- (5). Any increase in density of a subarea:
 - Less than 25% for a subarea with less than eight units.
 - Less than 15% for a subarea with between nine and twenty units.
 - Less than 8% for a subarea with twenty-one units or more.
- (6). Any change in the number of parking spaces.

(C). Minimal Amendments

The following changes in an Initial and/or Final Development Plan are considered minimal amendments:

- (1). Any adjustment of a building within a previously established building envelope.
- (2). A minor reduction in density.

10.06 PLANNED DEVELOPMENT DISTRICTS. Planned development districts shall be as enumerated below:

WS WATER SOURCE PROTECTION OVERLAY DISTRICT**

- SECTIONS: 11.01 Intent
11.02 Boundaries of District
11.03 Conditional Uses
11.04 Standards
11.05 Prohibited Uses

11.01 INTENT. This district is intended to preserve the quality and quantity of the area's water resources so as to ensure a safe and adequate supply of drinking water for present and future generations. Restrictions shall apply to land use activities which have the potential to contaminate water resources, including aquifers and wellhead sites currently in use and those having the potential for future use as a public water supply.

The purpose of these regulations is to prohibit certain uses which pose the greatest threat to groundwater contamination and to impose reasonable and adequate safeguards on other uses which exhibit a potential to contaminate the groundwater.

The Water Source Protection Overlay District is an overlay whose boundaries are superimposed on all districts established by this ordinance. It is not intended that these regulations interfere with, abrogate, or annul any other rules or regulations of this ordinance, except that if the Water Source Protection Overlay District imposes a greater restriction than the underlying zoning district regulations, they shall control.

11.02 BOUNDARIES OF DISTRICT. The boundaries of the Water Source Protection Overlay District are shown on the Official Zoning Map.

11.03 CONDITIONAL USES. A conditional use shall be required for any use which involves the storage and/or use of a regulated substance as defined by this ordinance. All available practical methods of preventing and controlling the contamination of groundwater from waste and other contaminants shall be employed.

11.04 STANDARDS. The following standards shall apply to uses in the Water Source Protection Overlay District:

- (A). Tanks used for the storage of a regulated substance shall be governed as follows:
- (1). A zoning permit shall be issued by the County Office of Planning and Zoning prior to placement or installation of any tank described below.
 - (2). All metallic tanks installed underground must be of double-wall construction and cathodically protected.
 - (3). All nonmetallic tanks installed underground must be of double-wall

**WS WATER SOURCE
PROTECTION OVERLAY
DISTRICT**

- construction.
- (4.) All underground tanks must be equipped with a continuous leak detection system capable of immediately detecting a leak and giving audible and visible alarms.
 - (5.) All underground tanks and all above ground stationary tanks must be equipped with overflow protection devices. These devices must alert the transfer operator that the tank is 90 percent full or automatically shut off flow to the tank when the tank is no more than 95 percent full. All tanks must be equipped with an impervious spill containment basin.
 - (6.) All fluid handling piping shall be of double-walled construction and shall include double-wall containment at the tank and to grade under any dispensing device.
 - (7.) Piping on pressure systems shall be equipped with leak detection devices that will promptly notify the operator of a problem in the system in one or more of the following manners:
 - (a.) Give an audible and visible warning through the tank alarm panel.
 - (b.) Completely stop the flow of the material to the dispenser.
 - (8.) Secondary containment shall be provided around and under all above ground stationary tanks and consist of native soils, clays, bentonites, or artificially constructed material equivalent to 60 mil high density polyethylene or greater. An impermeability of at least 10(-6) centimeter/second is required to permit containment and detection of a release. Secondary containment must be constructed and maintained to meet impermeability requirements for the operational life of the tank(s). Secondary containment must be capable of containing 110 percent of the volume of the largest tank.
 - (9.) Storage of petroleum products in stationary above ground tanks as part of an agricultural activity shall be governed as follows:
 - (a.) A tank with a capacity of 55 gallons or less shall be exempt from these standards.
 - (b.) A tank with a capacity in excess of 55 gallons or a series of tanks with a total capacity exceeding 100 gallons shall provide secondary containment as set forth in subsection 8 above.
 - (10.) Propane tanks shall be exempt from these standards.
- (B.) Sewer lines must be of PVC material and the joints must be sealed.
- (C.) [Reserved.]
- (D.) When pastured animals are confined for winter feeding and the number exceeds 200 animal units, measures shall be employed to contain all waste on site. Winter feeding of pastured animals shall not constitute a feedlot.

**WS WATER SOURCE
PROTECTION OVERLAY
DISTRICT**

11.05 PROHIBITED USES. The following uses shall not be allowed in the Water Source Protection Overlay District:

- (A). Sanitary landfill, solid waste transfer facility.
- (B). Waste disposal except the spreading of solid and liquid animal waste.
- (C). Sewage disposal pond except when in conjunction with an animal feeding operation. In such case, a conditional use shall be required for the disposal pond.
- (D). Disposal of radioactive waste.
- (E). Disposal of snow containing de-icing chemicals.
- (F). Reserved.
- (G). Injection well(Class V well).
- (H). Petroleum products terminal.
- (I). Junk or salvage yard.
- (J). Manufacture of a regulated substance.
- (K). Unenclosed storage of road salt.
- (L). Cemetery.

EO EROS OVERLAY DISTRICT

(approved 1/10/12 MC28-15-12)

SECTIONS:	11.50.01	Intent
	11.50.02	Boundaries of District
	11.50.03	Height Restrictions
	11.50.04	Variance
	11.50.05	General Regulations
	11.50.06	Notification

11.50.01 INTENT. This district is intended to preserve a clear line of sight for satellite operations at the Earth Resources Observation and Science (EROS) Center. Restrictions shall apply to land use activities which have the potential to interfere with the Center’s ability to support satellite missions.

The EROS Overlay District is superimposed on all zoning districts established by this ordinance. It is not intended that these regulations interfere with, abrogate, or annul any other rules or regulations of this ordinance, except that if the EROS Overlay District imposes a greater restriction than the underlying zoning district regulations, they shall control.

11.50.02 BOUNDARIES OF DISTRICT. The boundaries of the EROS Overlay District are shown upon the map which has been made a part hereof by reference. The map shall have the same force and effect as if it were set forth herein. A copy of the map is on file with the Register of Deeds.

11.50.03 HEIGHT RESTIRCTIONS.

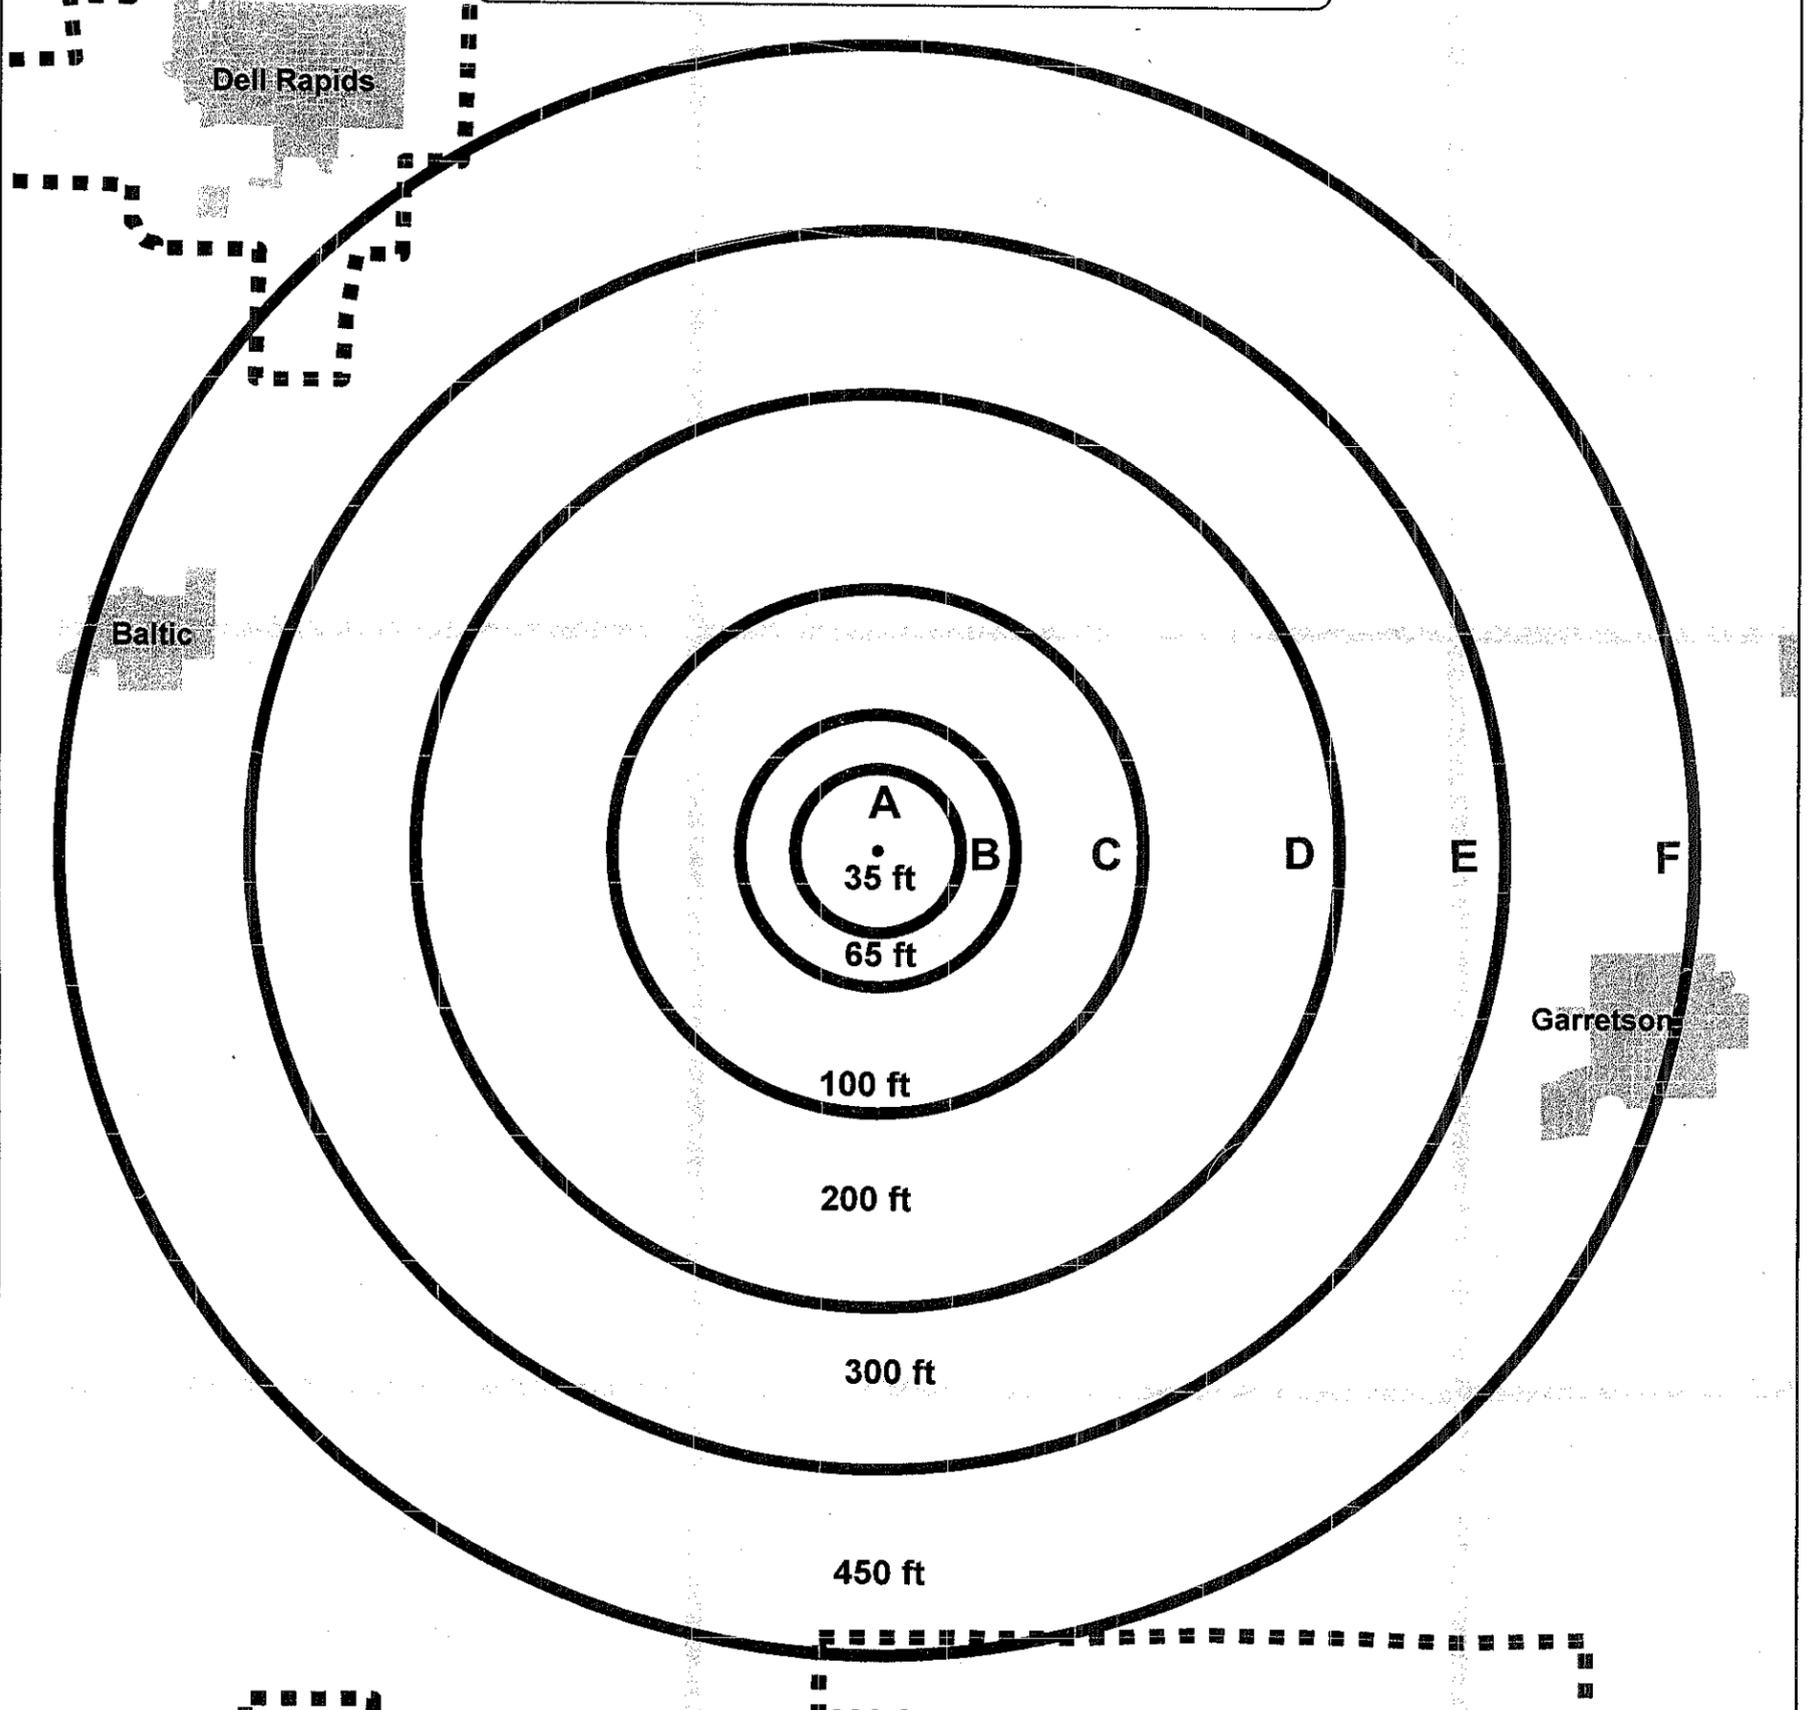

- Area A. No structure shall exceed 35 feet in height, as measured from ground level.
- Area B. No structure shall exceed 65 feet in height, as measured from ground level.
- Area C. No structure shall exceed 100 feet in height, as measured from ground level.
- Area D. No structure shall exceed 200 feet in height, as measured from ground level.
- Area E. No structure shall exceed 300 feet in height, as measured from ground level.
- Area F. No structure shall exceed 450 feet in height, as measured from ground level.

11.50.04 VARIANCE. Application for a variance may be made to the Zoning Board of Adjustment as outlined in Article 21.00 of this ordinance.

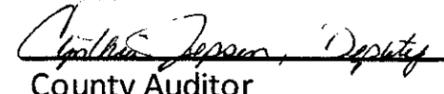

11.50.05 GENERAL REGULATIONS. Where the regulations of EROS Overlay District and any other rules and regulations conflict or overlap, whichever imposes the more stringent restrictions shall prevail.

11.50.06 NOTIFICATION. EROS Data Center shall be noticed by certified mail of all height variance applications within boundaries of the EROS Overlay District. Notification shall be made by the applicant and proof of mailing submitted to the Planning Department prior to the Zoning Board of Adjustment meeting.

ADDITIONAL USE REGULATIONS**

- SECTIONS:
- 12.01 Fences
 - 12.02 Wind Energy Conversion Systems
 - 12.03 Home Occupations
 - 12.04 Mineral Exploration and Development
 - 12.05 [Reserved.]
 - 12.06 Mobile Homes/Manufactured Homes
 - 12.07 Accessory Building and Uses
 - 12.08 Rock, Sand and Gravel Extraction
 - 12.09 Adult Uses
 - 12.10 Concentrated Animal Feeding Operations
 - 12.11 Temporary Uses
 - 12.12 Telecommunications Towers, Antenna Support Structures and Broadcast Towers
 - 12.13 Vehicle & Equipment Restrictions

12.01 FENCES. Regulations regarding fences shall be as follows:

- (A). Fences up to four feet in height may be located on any part of the lot except that such a fence may not be more than 30 percent solid if located within 30 feet of a street intersection, measuring along the property line.
- (B). Fences up to six feet in height may be erected on those parts of a lot that are as far back or farther back from the street than the main building.
EXCEPTION: Fences up to six feet in height may be placed in the side-street-side front yard where:
 - (1). The side-street-side front yard abuts an arterial street shown on the major street plan.
 - (2). The side-street-side front yard is not adjacent to a side yard.
 - (3). The fence is located no closer to the front yard than the rear wall of the main building.

12.02 WIND ENERGY CONVERSION SYSTEMS. The regulations regarding Wind Energy Conversion Systems (hereafter referred to as WECS) shall be as follows:

- (A). Limited use. No WECS installed in accordance with the requirements of these regulations shall generate power as a commercial enterprise as defined by the Public Utility Commission.
- (B). Setback requirements. The minimum distance between the property line, overhead utility lines or another wind turban, and any tower support base of a WECS shall be equal to the

ADDITIONAL USE REGULATIONS

proposed tower height (plus the radius of the rotor for the horizontal access machines). Contiguous property owners and planned developments may construct a WECS for their use in common. If property held by more than one single owner is used to meet the setback requirements, a site plan establishing easements or reserved areas must be submitted to the Planning Commissions for their approval.

- (C). Tower access. Climbing access to the WECS tower shall be limited either by means of a fence six feet high around the tower base with a locking portal, or by limiting tower climbing apparatus so there is access to it no lower than 12 feet from the ground.
- (D). Electromagnetic interference. If a WECS is installed in any location along or within the major access of an existing microwave communications link, the person desiring to install the WECS shall be required to provide a letter from the business whose link they are within or adjacent to stating that the business whose link is affected would have no objection to the installation of the WECS.
- (E). Air space. A WECS shall be located or installed in compliance with the guidelines of the Federal Aviation Administration Regulations with regard to Airport Approach Zones and clearance around VOR stations.
- (F). Interconnect. The WECS, if interconnected to an electric utility distribution system, shall meet the interconnect requirements of the electric utility company.

12.03 HOME OCCUPATIONS. It is deemed appropriate to allow limited nonresidential activities to operate in conjunction with a residence in those zoning districts where residential dwellings are permitted, provided the regulations protect the character and integrity of the unincorporated area.

The objective of these regulations is to allow limited commercial type activities associated with a residence only to the extent that the activity is clearly subordinate to the residential or agricultural use of the property. Uses such as motor vehicle repair or body shop, motor vehicle sales, recycling center, retail business or similar type uses shall not be considered a home occupation. Due to the diverse pattern of development in the rural area, the regulations provide for both minor and major home occupations.

12.0301 Minor Home Occupation. In all zoning districts permitting residential dwellings, minor home occupations in compliance with each of the following standards are permitted as accessory uses. Due to their incidental and residential nature, minor home occupations are relatively common accessory uses which are not easily detectable and are not reasonable or desirable to regulate through a conditional use permit.

- 1) The occupation shall be conducted entirely within a dwelling and clearly incidental to

ADDITIONAL USE REGULATIONS

- the use of the structure for residential purposes.
- 2) There shall be no change in the outside appearance of the dwelling or any visible evidence of the conduct of the occupation.
 - 3) Only residents of the dwelling shall be employed by or participate in the occupation.
 - 4) The storage of equipment, vehicles, or supplies associated with the occupation shall not occur outside the dwelling. Accessory buildings or structures shall not be used for storage.
 - 5) There shall be no display of products visible in any manner when viewed from outside the dwelling.
 - 6) No advertising or display signs shall be permitted other than a nameplate attached to the dwelling. The nameplate shall not be illuminated and shall not be more than two square feet in area. No off premise signs shall be used.
 - 7) The occupation shall not require internal alterations or involve construction features not customary in a dwelling. External alterations intended to create a separate entrance or other feature exclusively for the occupation is prohibited.
 - 8) There shall be only limited and incidental sale of products conducted on the premise.
 - 9) The occupation shall not generate more than four (4) visits per day from clients or customers averaged over a period of seven (7) consecutive days.
 - 10) The occupation shall not result in additional off-street parking spaces for clients or customers.
 - 11) Toxic, explosive, flammable, combustible, corrosive, radioactive or other restricted materials are prohibited.
 - 12) No equipment or process shall be used in the occupation which creates noise, vibration, glare, fumes, or odor detectable to the normal senses off the property.
 - 13) No equipment or process shall be used in the occupation which creates visual or audible electrical interference in any radio or television receiver or causes fluctuations in line voltage off the property.
 - 14) The number of deliveries generated by the occupation shall not significantly affect the character of the area. Delivery vehicles shall be limited to auto, pick up, or typical delivery service truck.

12.0302 Major Home Occupation. It is recognized that home occupations which exceed the requirements of Section 12.0301 may be appropriate in a low density residential setting or if associated with an agricultural use. For the purpose of this ordinance, such uses are classified as either a Class 1 or Class 2 major home occupation, and shall be evaluated giving consideration to the following criteria:

(A) Class 1:

- (1) The occupation shall be conducted entirely within a dwelling or accessory building and clearly incidental to the use of the structure for residential purposes.
- (2) The occupation shall be operated by a member of the family residing in the dwelling.
- (3) Employees of the occupation shall be limited to residents of the dwelling and up to two (2) non-resident employees, not to exceed four (4) employees on site.

**ADDITIONAL USE
REGULATIONS**

- (4) In addition to the dwelling, up to 750 square feet of accessory building space may be used for the occupation.
 - (5) The occupation shall not create noise which, when measured off the property, exceeds 60 decibels between the hours of 8:00 a.m. and 6:00 p.m. The occupation shall not create noise which is detectable to the normal sensory perception off the property between the hours of 6:00 p.m. and 8:00 a.m. These off the property noise standards shall not apply to public and railroad rights-of-way.
 - (6) The occupation shall not create vibration, glare, fumes, odor, or electrical interference detectable to the normal senses off the property.
 - (7) No outside storage, display of goods or merchandise, or external evidence of the occupation shall occur except as outlined in this section.
 - (8) A non-illuminated nameplate not exceeding two square feet in area may be placed on the dwelling or accessory building. Additionally, one non-illuminated sign not exceeding four square feet in area may be located along the driveway for the occupation. No off premise signs shall be used.
 - (9) The occupation shall not generate more than 10 visits per day from clients or customers averaged over a period of seven (7) consecutive days.
 - (10) There shall be only limited and incidental sale of products conducted on the premise.
 - (11) The number of deliveries generated by the occupation shall not significantly affect the character of the area. Delivery vehicles shall be limited to auto, pick up, or typical delivery service truck.
- (B) Class 2:
- (1) The occupation shall be conducted in a dwelling or agricultural building accessory to the dwelling which comprise the headquarters for the agricultural use, and such agricultural use is conducted on one or more parcels of land with a total area of at least one-half of a quarter section or equivalent area which must be contiguous to or in close proximity to the headquarters.
 - (2) The occupation shall be clearly secondary to the principal use of the land for agricultural purposes.
 - (3) The owner or occupant of the dwelling shall be engaged in the occupation.
 - (4) The occupation shall have no more than five (5) employees, including residents of the property.
 - (5) The occupation shall be conducted within a completely enclosed building typical of farm buildings. Such building shall be located behind the dwelling, or shall be located at least 200 feet from the nearest road right-of-way.
 - (6) All materials, supplies and products associated with the occupation shall be stored within a building or if open storage of materials or equipment is required it shall be concealed with appropriate screening or landscaping.
 - (7) A non-illuminated nameplate not exceeding two square feet in area may be placed on the dwelling or agricultural building. Additionally, one non-illuminated sign not exceeding four square feet in area may be located along the driveway for the occupation. No off premise signs shall be used.

**ADDITIONAL USE
REGULATIONS**

- (8) The use shall cease operating when the property is no longer in conformance with Section 12.03.02 (B) (1).

12.0303 Major Home Occupation - Permit Procedure. A conditional use application is required for a major home occupation in accordance with the requirements of Article 19.00. The application shall be evaluated and conditions established using the criteria in Section 12.0302 (A) or (B).

12.04 MINERAL EXPLORATION & DEVELOPMENT. The regulations regarding mineral exploration and development shall be as follows:

- (A). Exploration for minerals may be approved by Conditional Use only as long as the following minimum requirements are met:
- (1). The applicant shall provide:
- (a). A description of the mineral or minerals which are the subject of the exploration.
 - (b). Maps showing the general area within which the exploration operation will be conducted.
 - (c). A detailed description of the regional environmental conditions, to include surface land use and vegetation, as well as a detailed description of the area's geologic formations and hydrology from the best available scientific sources.
 - (d). Maps indicating the location of the drill sites to the nearest section of land, a technical description of the exploration process, the types of equipment to be used, and the estimated time table for each phase of work and for final completion of the program.
 - (e). A description of the major environmental impacts upon air quality, water quality and quantity, and land use modification presented by the proposed exploration.
 - (f). A description of the proposed plan to address the identified environmental impacts to include all measures to be taken to prevent soil erosion, water contamination, air contamination, disruption of the areas ecological balance and any other related hazard to public health and safety.
 - (g). A plan for reclamation of the land to its original condition after exploration is completed. Measures to be taken for surface reclamation shall take into account the impact on adjacent land uses and natural resources and the proposed future use of the lands explored and adjacent lands. The reclamation plans include :
 - reclamation schedule
 - methods of plugging drill holes
 - methods of severing and returning topsoil and subsoil.
 - methods of grading, backfilling and contouring of exploration sites and access roads

**ADDITIONAL USE
REGULATIONS**

- methods of waste management and disposal, including liquid and solid wastes
- methods of revegetation
- (h). A surety performance bond in an amount to be determined by the City and County Commissions to assure that sufficient funds will be available to carry out required reclamation and, if necessary, decontamination of the affected ground and surface waters. The amount shall be set by the City and County Commissions based on an estimate of the cost of reclamation and decontamination. The bond shall be released five years after exploration has ceased unless the Commissioners find for good cause shown, that the water quality of the affected area has not been restored or the reclamation plan has not been completed. The amount of the surety bond may be reduced by the commissioners, if a bond is held by the State of South Dakota for the same purpose, by the same amount of the latter bond.
- (2). The applicant shall identify specific phases when monitoring and inspection of the exploration activities shall be conducted by city, county, state, federal or independent personnel to assure compliance with all applicable rules and regulations. If a conditional use permit is granted, the permit shall identify such inspection agency and it shall be the responsibility of the applicant to notify said agency when monitoring or inspection is required. The applicant shall bear the burden of the cost of the monitoring and inspection program as determined by the Commissioners.
- (3). A Conditional Use shall be issued only after all of the conditions specified herein have been met. Evidence of violation of the regulations, including but not limited to air and water contamination, shall be cause for an immediate cessation of exploration activities.
- (B). Mineral extraction and/or mining may be approved by Conditional Use only as long as the following minimum requirements are met:
 - (1). The Applicant shall provide:
 - (a). A description of the mineral or minerals to be mined or milled.
 - (b). Maps showing the area within which the mining or milling operations will be conducted.
 - (c). A description of the surface land use and vegetation, as well as a description of the nature and depth of the top soil and subsoil.
 - (d). An environmental assessment which establishes base line conditions for radioactive intoxicant materials and air, ground and surface waters, soils, vegetation and animals.
 - (e). A description of the overburden, mineral seams, and other geologic formations, their conductivities and hydraulic gradients, known to exist above the deepest projected depth of the mining operation.
 - (f). A description of the hydrology to the deepest projected depth of the

**ADDITIONAL USE
REGULATIONS**

mining operation, including mapping of the depth, water table level, extent, and flow characteristics of ground water and aquifers for the hydrologic regime of the ground water and drainage basins affected by the mining or milling operation.

- (g). A technical description of the mining or milling, types of equipment to be used, detailed site plan of all anticipated construction, an estimated timetable for each phase of work and for final completion of the program, a statement of source, quality, and quantity of water to be used in the mining or milling operations, as well as the chemical and radioactive characteristics of all mined or milled products, waste products, and emissions to the environment.
- (h). A description of the major environmental impacts upon air quality, water quality and quantity, and land use modification presented by the mining or milling operations.
- (i). A description of the proposed plan to address the identified environmental impacts to include:
 - methods of separating the topsoil, subsoil, and soil piles, protecting them from erosion before reclamation begins, and keeping the topsoil free from acid or toxic materials
 - plan for insuring that acid forming or toxic materials constituting a hazard uncovered or created during mining or milling are promptly treated in a manner to prevent water and air contamination
 - measures to maintain the quantity and quality of ground and surface water, hydrologic balance, productivity of farmland, and soil and water recharge capacity
 - procedures to prevent water and air contamination through radioactive or toxic seepage of runoff from tailings, ponds, mine wastes, mine dewatering discharge, or other mining and milling related operations.
- (j). A plan for the reclamation of the land after mining is completed. Measures to be taken for surface reclamation shall take into account the impact on adjacent land uses and natural resources, and the proposed future use of the lands mined and adjacent lands, and shall include:
 - a reclamation schedule
 - methods of grading, backfilling and contouring of disturbed areas and access roads.
 - methods of waste management and disposal, including liquid and solid wastes
 - methods of revegetation.
- (k). A surety performance bond in an amount to be determined by the City and County Commissions to assure that sufficient funds will be available to carry out required reclamation and, if necessary, decontamination of

ADDITIONAL USE REGULATIONS

- affected ground and surface waters. The amount shall be set by the City and County Commissions based on an estimate of the cost of reclamation and decontamination. The bond shall be released five years after mining and milling has ceased unless the Commissioners find, for good cause shown, that the water quality of the affected area has not been restored or the reclamation plan has not been completed. The amount of the bond may be reduced by the Commissioners if a bond is held by the State of South Dakota for the same purpose, by the same amount of the latter bond.
- (2). The applicant shall identify specific phases when monitoring and inspection of the mining and milling process shall be conducted by city, county, state, federal or independent personnel to assure compliance with all applicable rules and regulations. If the Conditional Use is granted, the permit shall identify the inspection agency and it shall be the responsibility of the applicant to notify said agency when monitoring or inspection is required. The applicant shall bear the burden of the cost of the monitoring and inspection program as determined by the Commissioners.
 - (3). A Conditional Use shall be issued only after all conditions specified therein have been met. Evidence of violation of the regulations, including but not limited to air and water contamination, shall be cause for an immediate cessation of the mining and milling.
- (C). Solution mining and/or in situ mining of an ore body with the circulation of chemicals through injection and recovery wells for minerals is prohibited.

12.05 [Reserved.]

12.06 MOBILE HOMES/MANUFACTURED HOMES. Regulations regarding mobile homes and manufactured homes shall be as follows:

- (A). A park intended for the placement of mobile homes and manufactured homes on rented lots and where the roads are not publicly dedicated shall meet the following minimum standards:
 - (1). A plan shall be prepared showing the layout of the park, including lot lines, the road system and spacing diagram for all structures. Upon approval of the conditional use for the park, the plan shall be filed in the Office of Planning and Zoning and govern all future development.
 - (2). Each lot shall have a minimum size required for the zoning district in which the park is located. However, a smaller lot size may be approved as part of the conditional use.
 - (3). No dwelling or any structure, addition, or appurtenance thereto shall be located less than the minimum setback required by the district in which the park is located. The setback requirements may be changed as part of the approval of the conditional use.

**ADDITIONAL USE
REGULATIONS**

- (4). Each lot shall abut or face a clear unoccupied space, roadway, or street having a width of at least 34 feet where parking is permitted on both sides, 27 feet in width where parking is restricted to one side only and 24 feet wide where parking is prohibited, or be connected to such street or roadway by a private driveway not less than 12 feet in width, serving no more than four lots. A hard surfaced material shall be used on all roadways except in the RR District, in which case gravel may be used.
 - (5). The park shall be a minimum of 10 acres in size.
- (B). A subdivision for mobile homes and manufactured homes shall be required to meet the subdivision regulations and the density, area and yard requirements for the district in which it is located. The subdivision shall be a minimum of 10 acres in size.
- (C). A manufactured home may be considered for a conditional use as specified in the district regulations only if the following requirements are met:
- (1). The structure shall have been constructed on or after July 15, 1976.
 - (2). The exterior dimensions of the structure, measured by excluding overhangs, shall not be less than 22 feet.
 - (3). The structure shall be supported by a foundation system consisting of walls along the perimeter and piers on the interior. All foundation walls and piers shall extend a minimum of 42 inches below final grade.
 - (4). The roofing and siding material shall be consistent with the material used in site-built dwellings.
 - (5). The roof pitch shall not be less than a 3 in 12 slope.
- (D). Mobile homes which are nonconforming uses may be replaced with another such structure by making application for a conditional use. The compatibility of the replacement dwelling with neighboring dwellings shall be considered in reviewing the conditional use request.
- (E). A mobile home or manufactured dwelling may be located temporarily on land owned by the occupant during the construction of a dwelling. Placement shall not occur until construction has actually commenced. The unit shall be removed after one year or upon completion of the dwelling, whichever occurs first.
- (F). All mobile homes and manufactured homes as defined in Article 26.00 must be located in conformance with these requirements.

12.07 ACCESSORY BUILDING AND USES. The regulations regarding accessory buildings and uses shall be as follows:

- (A). **Limited Use.** Accessory buildings and uses are buildings and uses customarily incident to any of the permitted uses in the district in which it is located. In the A-1, RR and R-1

ADDITIONAL USE REGULATIONS

districts, accessory buildings and uses are limited to:

- (1). A noncommercial greenhouse that does not exceed in floor area 25 percent of the ground floor area on the main building.
 - (2). A private residential garage used only for the storage of noncommercial vehicles and other related material.
 - (3). Tennis court, swimming pool, garden house, pergola, ornamental gate, barbeque oven, fireplace, and similar uses customarily accessory to residential uses.
 - (4). Home occupation in conformance with Section 15.04.
 - (5). Temporary storage and distribution of seed and similar type products provided the use is located within a farmstead, the product is stored within a completely enclosed building typical of farm buildings and the use is limited to the seasonal sale of products from the premises.
- (B). Time of Construction. No accessory buildings shall be constructed upon a lot until the construction of a main building has been actually commenced, and no accessory buildings shall be used unless the main building on the lot is also being used. Accessory buildings may not be used for dwelling purposes.
- (C). Setback Requirements.
- (1). Accessory buildings which are attached to or located within 10 feet of the main building shall be considered a part of the main building and shall comply with the same yard requirements as the main building.
 - (2). Accessory buildings not a part of the main building, when located in the required rear yard, shall be no closer than three feet to the side and rear property lines.
- (D). Accessory buildings shall not occupy more than thirty (30) percent of the rear yard, subject further to the following limitations:
- (1) In the A-1 and RC Districts, the total area of accessory buildings shall not exceed 1200 square feet when such buildings are located in a subdivision of more than four (4) lots unless a conditional use has been approved.
 - (2) In all Residential Districts, the total area of accessory buildings shall not exceed 1200 square feet unless a conditional use has been approved.
 - (3) In a Planned Development District, the total area of accessory buildings shall not exceed 1200 square feet unless a minor amendment has been approved.

12.08 ROCK, SAND AND GRAVEL EXTRACTION

- (A). Intent.
This section addresses the application, review and regulation of extraction and on-site processing of rock, sand and gravel. An applicant must meet certain requirements as specified in Subsection C when filing for a conditional use in addition to the general requirements contained in other sections of the zoning regulations.

ADDITIONAL USE REGULATIONS

The developmental and operational criteria contained in Subsection G are intended to assist in the formulation of conditions to be imposed on individual extraction operations. The criteria have been designed to eliminate potential health risks and minimize the adverse impact on other land uses due to extraction operations.

The County and City will have the discretion of requiring more or less stringent conditions based upon the location of a proposed operation. It is also recognized that such operations will not be appropriate throughout all areas of the joint zoning jurisdiction. (*amended by MC28-01-03*)

(B). Submission of Application.

The application for rock, sand or gravel extraction shall be filed with the Planning Office on the prescribed conditional use form at least 30 days in advance of a regularly scheduled joint meeting of the Planning Commissions.

(C). Application.

The conditional use application shall be accompanied by the following:

- (1). Maps showing the area within which the extraction operations will be conducted, including areas to be disturbed, setbacks from property lines, and the location of all structures, equipment and access and haul roads.
- (2). A description of the surface land use and vegetation, including all pertinent physical characteristics.
- (3). A hydrologic study which shall include all available information from the State Geological Survey and other information pertinent to the application. If the applicant believes a study is not warranted, documentation shall accompany the application in support of this position.
- (4). A reclamation plan which takes into consideration the criteria listed in Subsection G - reclamation.
- (5). The applicant shall meet with the township supervisors of the affected township to discuss repair and maintenance responsibilities on township roads to be used as haul routes. A summary of the meeting(s) shall be presented with the application.

(D). Fee.

If a conditional use is granted, the operator shall pay to the County an annual fee of \$10 per acre of land which is being disturbed by the extraction activities and has not been reclaimed. The fee shall be used to defray the direct and indirect costs associated with general administration and enforcement of this section. The fee shall be payable by January 20th of each year and deposited in the general fund of the County. The disturbed land area existing on January 1 of each year shall be used in calculating the fee.

(E). Notification Requirements.

In addition to the notification requirements of Article XXII Section 4(B), the Planning

ADDITIONAL USE REGULATIONS

Director shall notify by U.S. mail all property owners of record within one mile of the proposed conditional use area or the owners of the thirty properties nearest to the affected property, whichever affects the least number of owners, of the time, date, place and purpose of the public hearing. The notice shall be mailed not less than 15 days prior to the public hearing.

(F). [Reserved.]

(G). Developmental and Operational Criteria.

The following criteria shall be considered in developing conditions for applications involving rock, sand and gravel extractions. More stringent requirements may be imposed by the County and City or the applicant may present arguments to relax the requirements based on specific characteristics of the site.

Buffer Area.

(1). A minimum distance of 1000 feet should be maintained between an existing residence and a rock, sand or gravel operation, except in those instances when the operator secures a waiver from the affected landowner.

Hours of Operation.

- (1). Monday thru Friday - 7:00 A.M. to 6:00 P.M., Saturday - 8:00 A.M. to 12:00 noon. Operations should not be conducted on legal holidays. Activities such as office or maintenance operations which produce no noise off-site should not be restricted by the hours of operation.
- (2). Blasting should be scheduled on weekdays at 12:00 noon. There should be no blasting on legal holidays. Area residents should be notified of the date and time of each blast.

Visual Considerations.

- (1). Earth berms and vegetation should be employed to minimize visual impacts and reduce the effects of noise.
- (2). The need for and placement of berms should be determined by the orientation and position of the excavation site with respect to residences and roadways. Berms should be located in such a way as to restrict the public's view of the property. Consideration should be given to placing the berms as close to the public point of view as practical. Generally, berms should be six feet in height and seeded immediately after construction to avoid soil erosion. Berms should be maintained and kept reasonably free of weeds.
- (3). The operator should work with the County Conservation District and Planning Director to develop a planting program. Consideration should be given to planting one or more of the following: evergreen, Russian olive, ash, caragana, crab apple, lilac and buffalo berry. The plants should be properly cared for to ensure the highest survival rate and all dead plants replaced during the current

ADDITIONAL USE REGULATIONS

planting season. As a minimum, the program should include trees of varying maturity. The planting program should be reduced to writing and kept on file in the Planning Office.

- (4). At a minimum, berms should be constructed prior to blasting or the extraction of rock, sand or gravel.

Blasting.

- (1). Ground vibration and over pressure (air blast) should be monitored for each blast and not exceed guidelines established by the U. S. Bureau of Mines.

Noise.

- (1). The noise level produced from rock, sand and gravel operations should not exceed an average of 55 decibels recorded over a 10 minute period measured at the nearest existing residence to the extraction operation. Off-site activities which contribute to background noise levels should be taken into consideration when monitoring an operation. Blasting should not be recorded as part of the noise level.

Air Quality.

- (1). Air quality monitoring should be conducted at the operator=s expense when conditions warrant.
- (2). Ambient air quality: total suspended particulate matter - 150 micrograms per cubic meter of air as a 24-hour average not to be exceeded more than once per year, and 60 micrograms per cubic meter of air as an arithmetic mean; PM¹⁰ (10 micrometers or less in size) consistent with the regulations of the State of South Dakota.
- (3). Employ techniques that minimize the release of particulate matter created by material stockpiles, vehicular movement and process operations.
- (4). Dust control agents should be applied to township gravel roads designated as haul routes and all driving surfaces within the extraction area.

Hydrology, Dewatering and Drainage.

- (1). Existing wells should be monitored at the operator=s expense to document changes in hydrologic conditions around extraction sites.
- (2). Dewatering of the extraction site should not result in downstream flooding.
- (3). Berms should not interrupt the natural drainage of the area, unless such diversion is part of an approved drainage control system.

Haul Roads.

- (1). In order to minimize the negative impact of truck traffic on area residents, extraction operations should be located on or near existing hard surfaced roads. Consideration should be given to the number of residents located along gravel surfaced roads intended for use as haul roads.

ADDITIONAL USE REGULATIONS

- (2). Identify repair and maintenance responsibilities through a haul road agreement.
- (3). Consider the potential impact on County highways to be used as haul routes.

Operator Surety.

- (1). A surety performance bond may be required in an amount to be determined by the Planning Commissions to assure that sufficient funds will be available to protect the County and City in the event the operator abandons a site without completing the conditions imposed by the conditional use, including fulfillment of the agreement with the township concerning repair of designated haul roads and, if necessary, decontamination of affected ground and surface waters. In lieu of the required surety, the operator may deposit cash with the County in the amount equal to the required surety.

Reclamation.

- (1). The type and extent of reclamation should be based on the type of material extracted on the intended post-mining land use, but in all cases the reclamation procedures should result in the rehabilitation of affected land through contouring and soil stabilization, revegetation and other appropriate means so as to create the least amount of unsightliness and most appropriate future use of the reclaimed area. Bodies of water may be incorporated into an acceptable reclamation plan.
- (2). Provide maps, including cross sections, showing the existing natural topography and anticipated topographic conditions upon completion of reclamation.
- (3). Grading should achieve a contour that is most beneficial to the proposed future land use. All berms should be removed where sand and gravel operations were conducted. In most cases involving quarry operations, the berms should remain in place unless their removal would serve a more useful purpose.
- (4). Topsoil should remain on site and be used during reclamation.
- (5). A seeding and revegetation plan should be developed for the affected area in consultation with the County Conservation District.
- (6). All required reclamation activities should be completed and a compliance inspection performed by the County Planning Director prior to the release of the surety.

Additional Considerations.

- (1). The maximum height of a bench in a quarry should be 30 feet.
- (2). The property should be secured during non-working hours by means of gates and fencing. The property should continue to be secured until all required reclamation activities have been completed.

12.09 ADULT USES. In the development and execution of this ordinance, it is recognized that there are some uses which, because of their very nature, are recognized as having serious objectionable operational characteristics, and are not compatible with certain uses. Special regulation of these uses is necessary to ensure that these adverse effects will not contribute to the

blighting or downgrading of the surrounding area.

- (A). None of the following uses may be established, operated, or maintained within five hundred (500) feet of a residential dwelling, a residential district, a church, a school meeting all the requirements of the Compulsory Education Laws of the State of South Dakota, or a public park, as measured from the closest point of the property lines.
1. Adult bookstore
 2. Adult theater
 3. Adult photo studio
 4. Adult mini motion picture theater
 5. Adult amusement or entertainment establishment

12.10 CONCENTRATED ANIMAL FEEDING OPERATIONS

- (A). Intent.
It is the intent of this section to provide for a viable livestock industry within agriculturally zoned areas of the joint zoning jurisdiction, protect ground and surface waters and ensure that concentrated animal feeding operations are properly sited, maintained and managed. *(amended by MC28-01-03)*
- (B). Water Source Protection Areas.
A concentrated animal feeding operation - new (Class A, B or C) shall not be permitted in the Water Source Protection Overlay District.
- (C). Application Procedures and Requirements. *(amended by MC28-08-06)*

Prior to application submittal the operator of the proposed facility shall meet with the Planning Director to discuss application requirements.

The conditional use application shall be accompanied, at a minimum, by the following information. The geotechnical boring requirement in subsection 3 may be waived if a state general permit is required.

- (1). A description of the type of concentrated animal feeding operation and the number of animals proposed for the facility.
- (2). A site plan of the proposed facility including:
 - (a). A landscaping plan designed to assist in the dispersal of odors.
 - (b). A grading plan designed to help keep pens and solid waste containment areas dry.
- (3). When the site is located within a designated water source protection area or over a mapped shallow aquifer area a geotechnical test boring log recording the geological data of at least one deep subsurface boring shall be required. This boring must be located below the location of the proposed containment facility and extend to a minimum of 25 feet below

**ADDITIONAL USE
REGULATIONS**

the ground surface and may stop when one of the following criteria has been met:

- (a). At least 15 continuous feet of extremely low permeability geologic material such as unweathered clayey till or shale is encountered in the boring;
 - (b). At least 30 continuous feet of low to extremely low permeability weathered or unweathered till or shale is encountered;
 - (c). The boring reaches an aquifer; or
 - (d). A total depth of 100 feet is reached.
- (4). A pest, odor control and dead animal disposal plan.

(D). Notification Requirements.

In addition to the requirements of Section 19.05 (A), the County Planning Director shall notify by U.S. mail all property owners of record within one-half mile of the proposed concentrated animal feeding operation of the time, date, place and purpose of the public hearing. Such notification shall occur at least fifteen days prior to the hearing.

(E). Conditional Use Permit Requirements. *(amended by MC28-08-06)*

A concentrated animal feeding operation which is granted a conditional use permit shall, at a minimum, meet the following requirements:

- (1). When a state permit is required. The operator shall file copies of all state-approved construction plans with the County.
- (2). Record Keeping. The operator shall maintain inspection and maintenance records on the animal waste facilities, and records on compliance with the waste and nutrient management plan and odor and pest control plan. Copies of records shall be filed annually with the County.
- (3). Waste Application. All liquid wastes shall be injected to provide for better agronomic benefits and to reduce the potential for runoff and minimize odor.
 - (a). In the event that an extraordinary circumstance requires surface application of liquid waste, the following information shall be submitted to the Planning Office: a description of the extraordinary circumstance which requires surface application; a map showing the proposed application sites along with soil types, slopes, and the required separations from natural features or adjoining land uses: the minimum volume of waste which will have to be applied in order to provide relief: and the means by which the waste will be applied. The Planning Director may authorize the surface application of liquid waste under the following minimum conditions:
 - (1). Waste shall not be surfaced applied on frozen ground with slopes of greater than 4 percent.
 - (2). Only the minimum amount of waste necessary to provide relief shall

**ADDITIONAL USE
REGULATIONS**

- be surface applied.
- (3). The separation requirements in Table 3, Section 12.10 (G) shall be met.
 - (b). The Planning Director may approve surface application of livestock production surplus water upon receiving an application from the producer. Such application shall include:
 - (1). The results of tests on the livestock production surplus water proposed for surface application which shows the percentage of solids and the amount of N (nitrogen) per 1000 gallons of water.
 - (2). The amount of livestock production surplus water to be applied.
 - (3). A map showing the areas on which the producer proposes to surface apply the livestock production surplus water including soil types, slopes, and the required separations from natural features or adjoining land uses.
 - (4). The separation requirements in Table 3, Section 12.10 (G) shall be met.
 - (4). Shallow Aquifer. If the geotechnical test boring shows the area to be over a shallow aquifer, then measures shall be employed to protect the groundwater. The County may call upon the expertise of the South Dakota Geological Survey in making a determination on whether a shallow aquifer exists on the site.
 - (5). Inspections. A registered professional engineer shall inspect the facility during construction and certify to the County that the newly constructed facility conforms with the approved plans and with South Dakota Department of Environment and Natural Resources design standards.
 - (6). If required by the South Dakota Department of Environment and Natural Resources or as a condition of the conditional use permit the operation shall obtain a State General Water Pollution Control Permit for Concentrated Swine Feeding Operations or for Concentrated Animal Feeding Operations.
 - (7). A nutrient management plan for liquid and solid waste including:
 - (a). Location and description of the animal waste facilities and structures.
 - (b). Operational procedures and maintenance of the animal waste facilities.
 - (c). Description of the proposed method for animal waste application.
 - (d). Map showing distances from proposed animal waste application sites to natural features and land uses as shown in Table 3.
 - (e). Information showing the application of waste based on agronomic rates computed from the types of crops and estimated yields on the application sites, the available nutrients in the application site soils and the available nutrients in the waste.
 - (f). Waste application agreements shall be required if the petitioner does not own the minimum acreage required to apply the animal waste produced by the facility.

**ADDITIONAL USE
REGULATIONS**

- (F). Separation Requirements and Criteria for Concentrated Animal Feeding Operations.
A concentrated animal feeding operation shall comply with the minimum separation requirements in Table 1.

Table 1
Concentrated Animal Feeding Operations
Minimum Separation Requirements

	Class A	Class B	Class C	Class D
Public Water Supplies	1,000 feet	1,000 feet	1000 feet	500 feet
Private Wells (other than owner=s or operator=s)	250 feet	250 feet	250 feet	250 feet
Private Wells (owner=s or operator=s)	150 feet	150 feet	150 feet	150 feet
Lakes, Rivers and Streams Classified as Fisheries	500 feet	200 feet	200 feet	200 feet
Intermittent Streams or waterways	100 feet	100 feet	100 feet	100 feet

The minimum separation criteria in Table 2 shall be used in siting a concentrated animal feeding operation. The minimum separation criteria may be increased based on site specific conditions. When a proposed operation does not meet the minimum separation criteria, the application shall be accompanied by one of the following or a combination thereof:

- 1) A signed waiver from each landowner located closer than the minimum separation criteria. No building permit shall be issued until the waivers are filed with the County Register of Deeds.
- 2) In the absence of a waiver, documentation shall be presented on new technology, management practices, topographic features, soil conditions or other factors which substantiate a reduction in the minimum separation criteria.

Municipalities	10,560 feet plus 1320 ft. For each additional 250 AU (or portion thereof) over 2,000 AU	5,280 feet plus 1320 ft. For each additional 250 AU (or portion thereof) over 1,000 AU	2,640 ft. plus 880 ft. For each additional 250 AU (or portion thereof) over 250 AU

(G). Separation Requirements for Animal Waste Application Sites.

The minimum separation requirements in Table 3 shall apply to the application of animal waste from a concentrated animal feeding operation.

Table 3
Animal Waste Application Sites
Minimum Separation Requirements

	Animal Waste, Surface Applied	Animal Waste, Incorporated or Injected
Lakes, Rivers and Streams Classified as Fisheries	300 feet	100 feet (lake) 50 feet (river or stream)
Streams and Lakes Classified as Drinking Water Supplies	1,000 feet	300 feet
Intermittent Stream or Waterway	200 feet	50 feet
Public Wells	1,000 feet	1,000 feet
Private Wells	250 feet	250 feet
Residence (other than operator)	300 feet (surface)	50 feet
Municipalities	1,000 feet	300 feet

The application of liquid animal waste by irrigation shall be prohibited. The County Planning Director, however, may approve the surface application of livestock production surplus water in accordance with Section 12.10 (E)(3).

12.11 TEMPORARY USES

(A) Intent. The requirements of this section are intended to provide for the regulation and permitting of uses and associated improvements on private property which are not so recurring in nature as to constitute a permanent use. These requirements are not intended to regulate temporary uses on public property, including public rights-of-way.

**ADDITIONAL USE
REGULATIONS**

- (B) Permit Required. No person shall operate a temporary use without first obtaining a permit therefor from the County Planning Department as prescribed in this section. If an objection is filed pursuant to Section 12.11 (E) or if the County Planning Department determines that a hearing should be held due to the scope of the proposed use, the County Planning Department shall refer the temporary use application to a joint meeting of the City and County Planning Commissions for action.
- (C) Applications.
- 1) Submission deadline. All applications for a temporary use permit shall be made at least 60 days prior to the proposed commencement date of the use, provided that the County Planning Department may approve a lesser time consistent with the requirements of this section.
 - 2) Temporary use plan. All temporary uses shall be subject to approval of a temporary use plan. The plan shall describe the nature and location of all temporary improvements and activities, the location of any permanent buildings intended to be used, the time period for which the temporary use permit is requested, and such other information in sufficient detail as the County Planning Department determines is reasonably necessary to adequately review the application and to ensure the use will be conducted in a manner consistent with the requirements of this section.
- (D) Standards for review. The following standards shall be used in determining the suitability and compatibility of a temporary use:
- 1) The temporary use will have no adverse effect on nearby properties or jeopardize public health, safety, and general welfare.
 - 2) The temporary use will not create hazardous traffic conditions or result in traffic in excess of the capacity of the roads serving the use.
 - 3) The site is adequate to accommodate the proposed use, including the provision for on and off site parking.
 - 4) Adequate sanitation facilities will be available on the site.
 - 5) The time period and hours of operation for the temporary use are clearly specified.
 - 6) Provision is made for the removal, clean-up, and restoration of the site.
 - 7) The temporary use will not adversely impact the natural environment.
 - 8) The site is suitable for the proposed temporary use, considering flood hazard, drainage, soils, and other conditions which may constitute a danger to life, health or property.
 - 9) All temporary improvements and any permanent structures proposed to be used will comply with all applicable provisions of the county=s building code.
- (E) Notice. The County Planning Department shall send written notice of the temporary use permit application to the owners of all property located within at least 600 feet of the property involved. Such notice shall be sent at least 14 days before the County Planning Department makes its determination on the temporary use permit. If any of the owners so

**ADDITIONAL USE
REGULATIONS**

notified file a written objection prior to the time the County Planning Department makes its determination regarding the application, the application shall be referred to a joint meeting of the County and City Planning Commissions for action.

- (F) Conditions of approval. Reasonable conditions may be required in connection with the approval of any temporary use permit which are deemed necessary to protect the public health, safety and welfare and the social and economic well being of those who will use the temporary use, residents and landowners immediately adjacent to the proposed use, and the community as a whole. Any condition imposed must be clearly specified in writing on the temporary use permit.
- (G) Appeal of decision. Any person aggrieved by an action of the County Planning Department in granting, denying, revoking, or suspending a temporary use permit may appeal such action to a joint meeting of the County and City Planning Commissions. Such appeal shall be in writing and filed with the County Planning Department within five working days of the decision. The action of the Planning Commissions may be appealed to the Board of County Commissioners and City Council in the same manner.
- (H) Fee. A fee of \$250 shall accompany the application for a temporary use permit. *(amended by MC28-06-05)*
- (I) Exemptions. The following uses shall not require a temporary use permit:
- 1) Estate or real estate sales involving the property or items from the property where the sale is held.
 - 2) Garage, yard or rummage sales provided:
 - a) Sales last not longer than three (3) days.
 - b) Sales are held no more than twice yearly.
 - c) Sales are conducted on the owner=s property or one of the owner=s properties in case of a multi-party sale.
 - 3) Weddings, purely social parties or similar family events where the function or event involves the owner or lessor of the property and where no monetary consideration or fees for such use of the property or attendance is involved.

12.12 TELECOMMUNICATIONS TOWERS, ANTENNA SUPPORT STRUCTURES AND BROADCAST TOWERS. *(amended by MC28-01-03)*

- (A) Intent. Regulations regarding telecommunications towers, antenna support structures and broadcast towers are intended to accommodate the development of a competitive communications and broadcast marketplace while protecting the health, safety, and welfare of the public and maintaining the aesthetic integrity of the county. The regulations cover the placement, construction, and modification of telecommunications

ADDITIONAL USE REGULATIONS

towers, antenna support structures and broadcast towers. The specific intent of this section is to:

- (1). Regulate the location of telecommunications towers, antenna support structures and broadcast towers;
 - (2). Promote and encourage shared use/co-location of telecommunications towers, antenna support structures and broadcast towers;
 - (3). Avoid potential damage to property caused by telecommunications towers, antenna support structures and broadcast towers by insuring that such structures are soundly and carefully designed, constructed, modified, maintained, and removed when no longer used or when determined to be structurally unsound;
 - (4). Insure that telecommunications towers, antenna support structures and broadcast towers are compatible with and do not adversely impact surrounding land uses;
 - (5). Facilitate the provision of wireless communications services to residents and businesses in an orderly fashion.
- (B) Equipment Design.
- (1). Antennas shall be mounted on a single monopole or guyed lattice tower.
 - (2). Towers not requiring FAA painting/markings shall have a galvanized finish or be a neutral color.
 - (3). Equipment structures shall be a neutral color.
- (C) Setbacks/Spacing.
- (1). Setbacks shall be measured from the base of the tower to the property line of the parcel on which it is located.
 - (2). Notwithstanding other setback standards in this ordinance the exterior base of a self support lattice, monopole, guyed lattice tower shall be separated from all residential dwellings (not located on the subject property), residential subdivisions, residential zoning districts, and public parks by a minimum distance of thirteen hundred (1300) feet. Setback requirements may be reduced if written permission is obtained from an impacted property owner.
 - (3). There shall be a minimum distance of three (3) miles between towers.
- (D) Illumination and Security.
- (1). Towers shall not be artificially lighted unless required by the FAA. Required safety lighting shall not exceed the FAA minimum. Flashing white lights shall not be allowed for night time lighting.
 - (2). Security lighting on the site shall not exceed twenty (20) feet in height and be directed toward the ground to reduce light pollution, prevent off site light spillage and avoid illuminating the tower.
- (E) Maintenance.
- (1). All telecommunications towers, antenna support structures and broadcast towers facilities shall be maintained in good condition, order, and repair so that they do not

**ADDITIONAL USE
REGULATIONS**

endanger the life or property of any person.

- (2). Telecommunications towers, antenna support structures and broadcast towers shall be maintained in compliance with Telecommunications Industries Association/ Electronic Industries Association Standard TIA/EIA 222 (latest revision), all applicable laws, and so as not to interfere with the use of other property. Upon the Planning Director=s determination that a tower structure is a hazard to public safety, the owner shall be required to perform an inspection by a registered professional engineer and make all recommended corrections.
- (3). If an owner discontinues use of a tower, or if an owner files notice with the Federal Communications Commission of its intent to cease operating the tower, the owner shall give written notice to the Planning Director of the date of such discontinuance.

(F) Signage.

- (1). Signage at the site is limited to non-illuminated warning and equipment identification signs.
- (2). Sign area shall not exceed six (6) square feet in size.

(G) Co-Location/Shared Facilities.

- (1). The tower owner shall not exclude co-location on the same tower when co-location is structurally, technically or otherwise possible.
- (2). In addition to equipment proposed for the applicant=s use, proposed towers and sites must be designed to accommodate co-location of a minimum of two additional providers for towers between 100-200 feet and a minimum of three additional providers for towers over 200 feet in height.
- (3). The Planning Director may revoke a building permit when a tower is capable of co-location if:
 - (i) The tower owner refuses to provide space for other providers at a fair market rate when it would not impair the structural integrity of the tower or cause interference; or
 - (ii) The tower owner modifies the structure in a way to make co-location impractical or impossible. If a permit is revoked, the facility must be removed at the owner=s expense.

(H) Abandonment.

- (1). Towers, antennas and equipment facilities are considered abandoned if they are unused by all providers at the facility for a period of 365 consecutive days. The Planning Director will determine if towers, antennas and equipment facilities have been abandoned. The Planning Director has the right to request documentation from the facility owner regarding tower or antenna usage. Following written notification of a determination that a facility is abandoned, the facility owner has seventy-five (75) days to:
 - (i) Reuse the facility; or
 - (ii) Dismantle the facility. If the facility is not removed within seventy-five (75)

**ADDITIONAL USE
REGULATIONS**

days of abandonment, the County may remove the facility at the facility and/or property owner=s expense. If the facility is removed, all permits associated with the facility are revoked.

- (I). Application Requirements (in addition to standard requirements).
The facility or property owner shall file a letter with the Planning Department accepting responsibility for removal of the tower if it is abandoned.
- (J). Technical Issues and Expert Review.
Towers, antennas and equipment facilities may involve complex technical issues that require review and input that is beyond the expertise of County staff. The Planning Director may require the applicant to pay reasonable costs for a third-party technical study of a proposed facility. Selection of expert(s) to review the proposal will be in at the sole discretion of the County.

12.13 Vehicle & Equipment Restrictions. (Section added by MC28-14-10 4/27/10)

(A). Intent. It is the intent of this section to limit the impact of commercial vehicles and equipment, recreational vehicles, and agricultural vehicles and equipment upon those areas of the county in which the land use is residential or agricultural in nature. Fire, law enforcement, emergency vehicles, and those vehicles designed for persons with disability are exempt from this section of the ordinance.

Section 12.13 shall apply to the Agricultural, Recreation/Conservation, and Residential zoning districts. Commercial vehicles, agricultural vehicles, recreational vehicles, and equipment are prohibited unless in compliance with Section 12.13.

(B). Commercial Vehicles and Equipment. It is not the purpose of the section to prohibit commercial vehicles as described herein from residential parcels when actually engaged in a business activity which requires their presence for a specific purpose and limited time period.

1. One commercial vehicle per resident, not to exceed a maximum of two commercial vehicles, shall be permitted on a property with an occupied residence provided that:
 - a. In a residential development area, the vehicle shall be currently licensed, fully functional, and have a gross vehicle weight of 12,000 pounds or less and not exceed 22 feet in length. Exclusive of a residential development area, the vehicle shall be currently licensed, fully functional and have a gross vehicle weight of 26,000 pounds or less and not exceed 22 feet in length.
 - b. A semi-tractor is exempt from the gross vehicle weight requirement for Section (B)1a.
 - c. The vehicle shall be operated by a person residing on the premises, and shall provide primary transportation for the resident to and from their place of employment.
 - d. The vehicle shall not be parked or stored within the right-of-way.

**ADDITIONAL USE
REGULATIONS**

- e. No attached vehicle, trailer or equipment shall be allowed.
2. Commercial vehicles and equipment that are currently licensed (if required) and fully functional and are in use as part of a permitted construction project shall be allowed for the duration of the said project. Should the construction project cease for period of six (6) months, the commercial vehicles and equipment shall be removed from the property. Commercial vehicles and equipment shall not be stored or parked for longer than seventy-two (72) hours upon any right-of-way.
3. Commercial equipment that is fully functional, owned by the resident, and used by the resident for regular or ongoing maintenance of the property (i.e. lawn care, driveway maintenance, snow removal) and not for profit, shall be allowed on properties used for residential and agricultural uses.
4. Commercial vehicles or equipment shall not be used for human or animal occupancy. Semi –trailers shall not be used for storage.

(C). Recreational Vehicles and Equipment.

1. The parking and storage of recreational vehicles shall be allowed provided that:
 - a. The vehicle title holder for any and all recreation vehicles parked or stored on the property shall be the property owner or permanent resident of the dwelling, or
 - b. If the property owner or permanent resident of the dwelling does not hold vehicle title to all of the recreational vehicles on the property, no more than three recreational vehicles shall be allowed to stored or parked on the property, regardless of ownership.
2. The vehicle and equipment shall be fully functional and licensed if required.
3. No recreational vehicles shall be stored or parked for longer than 72 hours upon any right-of-way in a residential development district.
4. No recreational vehicle or trailer shall be connected to gas, water, septic or sewer service unless approved by a county issued permit.
5. Recreational vehicles shall not be used as accessory structures nor shall they be used for human or animal occupancy.
6. Recreational vehicles shall not have their wheels removed or be affixed to the ground so as to prevent ready removal of the vehicle.

(D). Agricultural Vehicles and Equipment.

Agricultural vehicles and equipment shall meet the following conditions.

**ADDITIONAL USE
REGULATIONS**

1. Shall be fully functional and currently licensed if required.
2. Shall be owned by the property owner or tenant.
3. Shall be presently used in the activity of agricultural operations or used for regular or ongoing maintenance of the property.

(E). Township Road Maintenance Vehicles and Equipment.

Those persons employed by and/or operating township road maintenance vehicles and equipment shall be allowed to store said vehicles and equipment on their property. If the property is located within a residential development area, the vehicles and equipment shall be screened from public view.

ADDITIONAL YARD REGULATIONS**

- SECTIONS: 13.01 Number of Main Buildings on Tract
13.02 [Reserved]
13.03 Adjustment to Front Yard Requirements
13.04 Adjustment to Side Yard Requirements
13.05 Projections From Buildings
13.06 Porches and Terraces in Front Yards
13.07 Projection of Terraces, Porches, Platforms, and Ornamental Features
13.08 Double Frontage Lots

13.01 NUMBER OF MAIN BUILDINGS ON TRACT. No more than one main building shall be located on a tract or lot when used for residential purposes. Where a lot or tract is used for an agricultural, commercial, or industrial purpose, more than one main building may be located upon the lot or tract, but only when such buildings conform to all open space requirements around the lot or tract for the district in which the lot or tract is located.

13.02 [Reserved.]

13.03 ADJUSTMENT TO FRONT YARD REQUIREMENTS. Where, on the effective date of this ordinance, forty percent (40%) or more of a frontage was occupied by two or more buildings, then the front yard is established in the following manner:

- (A). Where the building further most from the street provides a front yard not more than ten (10) feet deeper than the building closest to the street, then the front yard for the frontage is and remains an average of the then existing front yards.
- (B). Where this (A) is not the case and a lot is within one hundred (100) feet of a building on each side, then the front yard is a line drawn from the closest front corners of these two adjacent buildings.
- (C). Where neither (A) nor (B) is the case, and the lot is within one hundred (100) feet of an existing building on one side only, then the front yard is the same as that of the existing adjacent building.

13.04 ADJUSTMENT TO SIDE YARD REQUIREMENTS. Buildings with side yard setbacks less than required by this ordinance, may have additions erected in line with the existing building and provided further that said addition will be erected no closer to the lot line than the existing building.

13.05 PROJECTIONS FROM BUILDINGS. Every part of any required yard shall be open to the sky and unobstructed except:

ADDITIONAL YARD REGULATIONS

- (A). Eaves may project into a front or rear yard thirty-six (36) inches, exclusive of gutters;
- (B). Eaves may project into a side yard twenty-four (24) inches, exclusive of gutters;
- (C). Ordinary projection of sills, belt courses, cornices, vertical solar screen, and ornamental features which may project twelve (12) inches;
- (D). Air conditioners, not to exceed five (5) ton unit or parts thereof, any project into a required side yard, provided that such projections shall be distant at least three (3) feet from the adjacent lot line and shall not extend more than three (3) feet from the building. Such air conditioners may project into a required front yard, but shall not extend more than three (3) feet from the building, and such air conditioner may extend into one side of a corner lot;
- (E). Solar collectors which are a part of the main building may extend into a required rear yard for a distance not to exceed ten (10) feet.

13.06 PORCHES AND TERRACES IN FRONT YARDS. An open, unenclosed porch may project into a required front yard for distance not exceeding ten (10) feet. Balconies and paved terraces may project into a required front yard for a distance not exceeding six (6) feet. An enclosed vestibule containing not more than forty (40) square feet may project into a required front yard for a distance not to exceed four (4) feet.

13.07 PROJECTION OF TERRACES, PORCHES, PLATFORMS, AND ORNAMENTAL FEATURES. Terraces, uncovered porches, platforms, and ornamental features which do not extend more than three (3) feet above the floor level of the ground (first) story may project into a required side or rear yard, provided these projections be distanced at least three (3) feet from the adjacent side lot line.

13.08 DOUBLE FRONTAGE LOTS. Where lots have double frontage, the required front yard shall be provided on both streets.

13.09 INTERSECTION SAFETY ZONE. *(amended by MC-28-13-07 11/6/07)*

- (A). There shall be no obstructions, such as buildings structures, grain bins, baled agricultural products, farm machinery, vehicles or other objects, not including vegetation, within fifty (50) feet from a State, County, or section line highway right-of-way or thirty (30) feet from a platted right-of-way.
- (B). Intersection Safety Zone Requirements
 - 1) At every intersection of two roads or a road and a railroad right-of-way, there shall be an intersection safety zone triangle. Within the triangle, no obstructions such as structures, parking or vegetation shall be allowed between two and one half (2.5) feet and ten (10) feet above the elevation of the roadway. Agricultural crops, such as corn, are exempt from this regulation. Fences shall conform to Section 12.01 of this

**ARTICLE 16.00
ON-PREMISE SIGNS**

- SECTIONS: 16.01 Intent
16.02 Permitted Signs and Sign Area
16.03 Regulations and Limitations of Permitted Signs
16.04 Special Situations
16.05 Exemptions
16.06 Illumination
16.07 Temporary and Portable Signs
16.08 Prohibited Signs
16.09 Maintenance and Removal

16.01 INTENT. These regulations provide standards for the erection and maintenance of private signs. The principal feature of this section is the restriction on the total sign area permissible per site. All private signs shall be erected and maintained in accordance with the following standards. The general objectives of these standards are to promote health, safety, welfare and in part to achieve the following:

- (A). SAFETY: To promote the safety of persons and property by providing that signs:
- (1). Do not create a hazard due to collapse, fire, collision, decay, or abandonment;
 - (2). Do not create traffic hazards by confusing or distracting motorists, or by impairing the driver's ability to see pedestrians, obstacles, or other vehicles, or to see and interpret any official traffic sign, signal or device.
- (B). COMMUNICATIONS EFFICIENCY: To promote the efficient transfer of information by providing that:
- (1). Businesses and services may identify themselves;
 - (2). Customers and persons may locate a business or service;
 - (3). No person or group is arbitrarily denied the use of the sight line from public rights-of-way for communication purposes.
- (C). LANDSCAPE QUALITY AND PRESERVATION: To protect the public welfare and to enhance the appearance and economic value of the landscape by providing that signs:
- (1). Do not create a nuisance to persons using the public rights-of-way;
 - (2). Do not constitute a nuisance to occupancy of adjacent and contiguous property by their brightness, size, height or movement.

16.02 PERMITTED SIGNS AND SIGN AREA. In the following districts, the sign area and height set forth shall apply to all signs on the premises except as provided in Section 16.05:

- (A). A-1 AGRICULTURAL AND RC RECREATION/CONSERVATION DISTRICTS:
- (1). Signs advertising the use of a particular breed, type, variety, hybrid, or brand of plant, chemical or tillage. No one sign shall exceed 16 square feet in area per

SIGNS**

- face.
- (2). Uses which are governed by conditional use may have signs on the premise in accordance with the stipulations of the permit.
 - (3). No hunting, no trespassing and similar signs.
- (B). RR-1 RURAL RESIDENTIAL, RR-5 RURAL RESIDENTIAL AND R-1 RESIDENTIAL:
- (1). A two square foot wall or freestanding sign identifying a home occupation.
- (C). C COMMERCIAL, I-1 AND I-2 INDUSTRIAL:
- (1). Wall, roof, or projecting signs:
 - (a). The total sign area on structures which are two stories or less in height shall not exceed two square feet for each linear foot of building frontage.
 - (b). The total sign area on structures which are greater than two stories in height shall not exceed either two square feet for each linear foot of building frontage, or 15% of the area of the frontage wall, whichever is greater.
 - (2). Freestanding signs having a total sign area not to exceed one square foot for each linear foot of road frontage or 200 square feet, whichever is less.
 - (3). The maximum sign height shall be 30 feet. *(amended by MC28-02-04)*

16.03 REGULATIONS AND LIMITATIONS OF PERMITTED SIGNS.

- (A). WALL SIGNS. Wall signs may be located anywhere on the wall of a building.
- (B). PROJECTING SIGNS.
- (1). Projecting signs may project no more than five feet from the building face.
 - (2). Projecting signs shall have a minimum clearance of ten feet above grade level about any yard or sidewalk and 16 feet above any road or drive.
 - (3). Projecting signs may project no more than five feet above the top of a parapet or roof line including the framework or support.
- (C). ROOF SIGNS. Roof signs shall rise no higher than five feet above the top of a parapet or roof line and shall not exceed the height limits for the zoning district.
- (D). FREESTANDING SIGNS.
- (1). Freestanding signs shall be limited to one per street frontage except that businesses on frontages of 300 feet or more may erect two freestanding signs; however, the total sign area for both signs may not exceed that allowed for the street frontage.
 - (2). Freestanding signs shall be located only in the front or side yard.
 - (3). Freestanding signs shall not project over public property.

ON-PREMISE SIGNS

- (4). Freestanding signs shall not be erected within the area of a corner of two intersecting streets or a street and railroad. Area of a corner, in this case, shall be the triangular area formed by measuring 40 feet from the intersection along both roads and connecting these two points with a straight line.

Exceptions: Freestanding signs may be located in the area of a corner when the sign and sign structure comply with the following:

- (a). The sign face is located 12 feet above grade level; and
- (b). The sign structure is of such a size and spacing as to not obstruct the view of said intersection.

16.04 SPECIAL SITUATIONS. This section contains the sign regulations for the following special situations:

- (A). **SHOPPING CENTERS.** A freestanding sign shall be allowed on each street frontage stating the name of the center and the major tenants provided no other freestanding signs are erected. The sign area shall be determined independently from the sign area allowed under 16.02. A sign area of one square foot for each one lineal feet of street frontage or 200 square feet per frontage, whichever is smaller, shall be allowed. The height shall not exceed 40 feet.
- (B). **INTERSTATE HIGHWAY INTERCHANGE.** In the C, I-1 and I-2 Districts, businesses which are adjacent to both the interstate and the intersecting cross street may by conditional use erect one additional on-premise freestanding sign not to exceed 200 square feet or 60 feet in height.

16.05 EXEMPTIONS. The following signs may be allowed in addition to the signs permitted in Section 16.02, but signs must be in conformance with all other state and local laws.

- (A). **AUTOMOBILE SERVICE STATION.** Gasoline dispensing stations may have, in addition to other signs, one 12 square foot sign on each street frontage. Such signs shall be firmly attached to a structure and shall contain gasoline pricing information only.
- (B). **CONSTRUCTION SIGNS.** Building contractors, lending institutions and professional firms may post temporary signs on site under construction. The total sign area shall not exceed 100 square feet or 20 feet in height and shall be removed upon completion of the project.
- (C). **NEIGHBORHOOD IDENTIFICATION SIGNS.** In any zone, a masonry wall, landscaping and other similar material or feature may be combined to form a display for neighborhood or tract identification, provided that the legend of such signs or display shall consist only of the neighborhood or tract name.
- (D). **PERMANENT IDENTIFICATION SIGNS.** Churches, schools, day care centers,

ON-PREMISE SIGNS

institutional and public uses in the agricultural and residential districts may have a sign not exceeding 25 square feet in area per frontage.

- (E). PUBLIC SIGNS. Signs of a noncommercial nature and in the public interest, erected by, or on the order of, a public officer in the performance of his duty shall be permitted.
- (F). INTEGRAL SIGNS. Names of buildings, dates of erection, monumental citations, commemorable tablets, and the like, of permanent type construction and made an integral part of the building structure shall be permitted.
- (G). PRIVATE TRAFFIC DIRECTIONAL SIGNS. Signs directing traffic movement into, out of or within the commercial premise. Such signs shall not exceed an area of four square feet per sign face and four feet in height.
- (H). REAL ESTATE SIGNS. Temporary real estate signs shall be permitted.

16.06 ILLUMINATION. Regulations regarding the illumination of signs shall be as follows:

- (A). SHADING. The light from any illuminated sign or billboard shall be so shielded, shaded, or directed so that the light intensity shall not adversely affect surrounding or facing premises or safe vision of operators of vehicles on public or private roads.
- (B). BLINKING AND FLASHING. Blinking, flashing, pulsating, or fluttering lights, or other illuminated devices which have a changing light shall not be located closer than 300 feet from any residential district. This restriction shall not apply to signs displaying the date, time and temperature exclusively.

16.07 TEMPORARY AND PORTABLE SIGNS. Temporary and portable signs shall not exceed 32 square feet and may be displayed for 60 days per calendar year in the C and I Districts. It shall be the duty of the user of the sign to:

- (A). Notify and obtain approval from the County Planning Director prior to placement of said sign.
- (B). Notify the County Planning Director upon removal of said sign. The County Planning Director shall continue to deduct one day from the 60 days allowed per calendar year until notice of removal is received or a total of 60 days has elapsed.
- (C). Place the signs in locations so that the provisions of this article and all other applicable codes and ordinances are complied with.

Temporary and portable signs in the A-1 District, when used in conjunction with roadside stands and fireworks stands, shall be authorized as part of the conditional use granted to such uses.

16.08 PROHIBITED SIGNS. The following signs are prohibited:

- (A). **PARKING OF ADVERTISING VEHICLES PROHIBITED.** No person shall park any vehicle or trailer on a public right-of-way, or public property, or on private property so as to be visible from a public right-of-way, which has attached thereto or located thereon, any sign or advertising device for the basic purpose of providing advertisement of products or directing people to a business or activity located on the same premises or any other premise. This is not intended to prohibit any form of vehicular signage such as a sign attached to a bus or lettering on a motor vehicle.
- (B). **NUISANCE SIGNS.** Signs which imitate an official traffic sign or signal or which are of a size, location, movement, content, coloring or manner of illumination which may be confused with or construed as a traffic control device or which hide from view any traffic, street sign or signal shall be removed upon notice.
- (C). **BANNERS.** Banners shall be prohibited except on a temporary basis for a maximum of 21 days during any calendar year.

16.09 MAINTENANCE AND REMOVAL. Every on-premise sign, including any exempt from this code in respect to permits and permit fees, shall be maintained in good structural and aesthetic condition at all times. Any abandoned, unsafe or unsightly sign shall be removed or renovated within 60 days upon written notice. If the owner fails to remove or renovate the sign within the required time period the County and City may remove such sign at the owners expense.

OFF-PREMISE SIGNS**

- SECTIONS: 17.01 Purpose and Intent
17.02 General Regulations
17.03 Conditional Uses
17.04 Exceptions
17.05 Prohibited Signs
17.06 Maintenance and Removal

17.01 PURPOSE AND INTENT. The purpose of this article is to prevent the uncontrolled use of off-premise signs so as to promote the health, safety and general welfare of those persons using the public rights-of-way. These regulations are intended to preserve the overall landscape quality of the county while allowing the reasonable use of signs to inform the traveling public. This is accomplished through the application of standards for size, illumination and separation.

17.02 GENERAL REGULATIONS.

- (A). In the A-1 and RC Districts, off-premise signs shall be limited to those which provide direction to a business or use and shall be constructed in accordance with the following:
- (1). A maximum sign area of 9 square feet.
 - (2). The sign shall contain the business name and directional information only.
 - (3). There shall be no more than one sign face per direction of facing.
 - (4). A sign shall not be within a 500 foot radius of any other off-premise sign intended to be read from the same right-of-way. The sign shall not be within a 300 foot radius of any other off-premise sign intended to be read from a different right-of-way. All spacing measurements in this subsection shall refer to a measurement made along the edge of the right-of-way and shall apply only to structures located on the same side of the highway. These spacing provisions do not apply to signs separated by buildings or other obstructions in such a manner that only one sign facing located within the above spacing distance is visible from the road right-of-way at any one time.
 - (5). A sign shall not be illuminated nor shall blinking or flashing lights be used.
 - (6). A maximum height of 16 feet.
- (B). The following regulations shall apply to off-premise signs in the C, I-1 and I-2 Districts:
- (1). A maximum sign area of 288 square feet.
 - (2). There shall be no more than one sign face per direction of facing.

OFF-PREMISE SIGNS

- (3). The maximum height shall be 40 feet. (*amended by MC28-02-04*)
- (4). No part of the sign face or structure shall be located in or overlap into the required side or rear yard setbacks or public right-of-way.
- (5). A sign shall not be within a 500 foot radius of any other off-premise sign intended to be read from the same right-of-way. The sign shall not be within a 300 foot radius of any other off-premise sign intended to be read from a different right-of-way. All spacing measurements in this subsection shall refer to a measurement made along the right-of-way and shall apply only to structures located on the same side of the highway. These spacing provisions do not apply to signs separated by buildings or other obstructions in such a manner that only one sign facing located within the above spacing distance is visible from the road right-of-way at any one time.
- (6). The light from any illuminated sign shall be so shielded, shaded or directed so that the light intensity shall not adversely affect surrounding or facing premises or the safe vision of operators of vehicles on public roads.

17.03 CONDITIONAL USES.

- (A). Reserved. (*amended by MC28-05-05*)
- (B). A conditional use shall be required for off-premise signs within 500 feet of a park, school, church, or designated historic site.

17.04 EXCEPTIONS.

- (A). Directional signs for nonprofit organizations not to exceed four square feet per sign face.
- (B). Political campaign signs provided the signs are removed within five days after the election.
- (C). Directional signs, street name signs, or other signs which have been authorized and directed by a governmental unit.

17.05 PROHIBITED SIGNS. The following signs are prohibited:

- (A). **PARKING OF ADVERTISING VEHICLES PROHIBITED.** No person shall park any vehicle or trailer on a public right-of-way, or public property, or on private property so as to be visible from a public right-of-way, which has attached thereto or located thereon, any sign or advertising device for the basic purpose of providing advertisement of products or directing people to a business or activity located on the same premises or any other premise. to prohibit any form of vehicular signage such as a sign attached to a bus or lettering on a motor vehicle.

- (B). **NUISANCE SIGNS.** Signs which imitate an official traffic sign or signal or which are of a size, location, movement, content, coloring or manner of illumination which may be confused with or construed as a traffic control device or which hide from view any traffic, street sign or signal shall be removed upon notice.

17.06. MAINTENANCE AND REMOVAL. Every off-premise sign shall be maintained in good structural and aesthetic condition at all times. Any abandoned, unsafe or unsightly sign shall be removed or renovated within 60 days upon written notice. If the owner fails to remove or renovate the sign within the required time period the County may remove such sign at the owners expense.

NONCONFORMING AND NONSTANDARD USES**

- SECTIONS:
- 18.01 Purpose and Intent
 - 18.02 Continuation of Nonconforming Uses
 - 18.03 Use Becoming Nonconforming by Change in Law or Boundaries
 - 18.04 Change in Nonconforming Use
 - 18.05 Extension or Enlargement
 - 18.06 Restoration After Damage
 - 18.07 Discontinuance of Nonconforming Use
 - 18.08 Effect on Use Which is Illegal Under Prior Law
 - 18.09 Continuation of Nonstandard Uses

18.01 PURPOSE AND INTENT. The purpose of this article is to provide for the regulation of nonconforming uses, buildings, and structures, and to specify those circumstances under which they shall be permitted to continue.

18.02 CONTINUATION OF NONCONFORMING USES. Subject to the provisions of this article, the lawful use of a premise existing immediately prior to the effective date of this ordinance may be continued although such use does not conform to the provisions hereof.

18.03 USE BECOMING NONCONFORMING BY CHANGE IN LAW OR BOUNDARIES. Whenever the use of a premises becomes a nonconforming use through a change in zoning ordinance or district boundaries, such use may be continued, although the use does not conform to the provisions thereof.

18.04 CHANGE IN NONCONFORMING USE. If no structural alterations or additions are made, a nonconforming use may be changed to another nonconforming use of the same or a more restrictive classification. For the purposes of this article, each of the following classifications shall be considered to be "more restrictive" than those it precedes:

- 1. RC Recreation/Conservation
- 2. RR-5 Rural Residential
- 3. RR-1 Rural Residential
- 4. R-1 Residential
- 5. C Commercial
- 6. I-1 Industrial
- 7. I-2 Industrial

Whenever a nonconforming use has been changed to a more restrictive use or to a permitted use, such use shall not thereafter be changed to a less restrictive use.

18.05 EXTENSION OR ENLARGEMENT. A nonconforming use shall not be enlarged, extended, converted, reconstructed, or structurally altered unless such use is changed to a use permitted in the district in which the premise is located except that a conditional use permit may

NONCONFORMING AND NONSTANDARD USES

be authorized after the following criteria are given specific consideration:

- (A). Effect on surrounding property values.
- (B). The density of land use zoning for the subject and adjacent properties.
- (C). The degree of hardship upon the applicant which would be caused by failure to grant the permit.
- (D). It can be demonstrated that it was the owner's intent to use the entire premises for said use prior to the adoption, revision or amendment of this ordinance.

18.06 RESTORATION AFTER DAMAGE. When the use of a building is nonconforming as defined by this ordinance and such a building is damaged by a fire, explosion, act of God, or the public enemy to the extent of more than 60 percent of its fair market value, it shall not be restored except in conformity with the provisions of the district in which the building is located. Exception: Single family dwellings may be restored if damaged less than 100 percent.

18.07 DISCONTINUANCE OF NONCONFORMING USE. In the event that a nonconforming use is discontinued for more than one year, any subsequent use shall thereafter be in conformity with the regulations of the district in which it is located.

18.08 EFFECT ON USE WHICH IS ILLEGAL UNDER PRIOR LAW. Nothing in this ordinance shall be interpreted as authorization for, or approval of, the continuance of the use of a premises in violation of zoning regulations in effect immediately prior to the effective date of this ordinance.

18.09 CONTINUATION OF NONSTANDARD USES. Nonstandard uses existing immediately prior to the effective date of this ordinance may be continued, although such uses do not conform to the provisions hereof.

Nonstandard buildings or structures may be enlarged or extended, converted, reconstructed, or structurally altered as follows:

- (A). Enlargements, extensions, conversions, or structural alterations may be made as required by law or ordinance.
- (B). Structural alteration of buildings or structures may otherwise be made if such changes do not encroach into an existing front yard, side yard, or rear yard which is less than the minimum required yards for the district in which they are located.
- (C). Enlargement, extension, conversion of buildings or structures may otherwise be made if such changes comply with the minimum required yards, lot area, height, landscaping, parking, and density for the district in which they are located.

19.01 PROCEDURE. The City and County Planning Commissions may authorize by conditional use permit the uses designated in this ordinance when located in a zoning district allowing such use. The Planning Commissions shall impose such conditions as are appropriate and necessary to insure compliance with the Comprehensive Plan and to protect the health, safety, and general welfare in the issuance of such conditional use permit.

19.02 APPLICATION. To obtain a conditional use permit, the applicant shall file an application with the County Office of Planning and Zoning on a form as provided. Every application shall contain the following information:

- (A). Legal description of the land on which such conditional use is requested.
- (B). Name, address and phone number of the owner of the property which is the subject of such application.
- (C). Name, address, phone number, and signature of the person making the application if made by anyone other than the owner. *(amended by MC-28-13-07 11/6/07)*
- (D). Zoning district classification under which the property is regulated at the time of such application.
- (E). Any other information concerning the property as may be requested by the Office of Planning and Zoning.

19.03 FEES. Upon the filing of any application for conditional use with the County Office of Planning and Zoning, the applicant shall pay to the County the appropriate fee as designated in Article 24.00.

19.04 INFORMATION ON SITE PLAN. In addition to the following information, plans shall be drawn to scale upon substantial paper or cloth and shall be of sufficient clarity to indicate the location, nature, and extent of the work proposed and show in detail that it will conform to the provisions of this ordinance and all relevant laws, rules, and regulations.

EXCEPTION: The County Planning Director may waive the submission of plans, if he finds that the nature of the work applied for is such that reviewing of plans is not necessary to obtain compliance with this title.

- (A). The address of the property and the legal description.
- (B). The name of the project and/or business.
- (C). The scale and north arrow.
- (D). All existing and proposed buildings or additions.
- (E). Dimensions of all buildings.
- (F). Distance from all building lines to the property lines at the closest points.
- (G). Building height and number of stories.
- (H). Dimensions of all property lines.
- (I). Parking lots or spaces; designate each space, give dimensions of the lot, stalls, and aisles.
- (J). Screening; show height, location, and type of material to be used.
- (K). The landscaped setback and trees; indicate species of trees and material to be used for landscaping.
- (L). Name and location of all adjacent streets, alleys, waterways and other public places.

Approved plans shall not be changed, modified, or altered and all work shall be done in accordance with the approved plans.

19.05 HEARING BY PLANNING COMMISSIONS. Upon the filing of an application for a conditional use permit, the County Planning Director shall set a date for public hearing on such requested conditional use, at which time and place the Minnehaha County Planning Commission and the Dell Rapids Planning Commission shall meet to consider the conditional use request.

**CONDITIONAL
USE PERMITS**

- (A) **NOTIFICATION.** A good faith effort must be made by the applicant to notify all property owners (inclusive of Contract for Deed buyers) of land laying within five hundred feet (500) feet, inclusive of right-of-way, of the outer boundaries of the property involved in the request. The list of landowners to be notified shall be determined by records of the Director of Equalization. The Planning Department shall provide the applicant with “Notice of Hearing” forms for this purpose, and the notices are to be sent by the applicant to all parties on the aforementioned list by first class mail no less than one (1) week prior to the public hearing on the request held by the Planning Commission. The applicant shall sign an affidavit certifying that the required mailing was completed. The affidavit shall be provided to the Planning Department at least five (5) working days prior to the Planning Commission meeting. *(amended by MC28-08-06)*
- (B) **SIGNS.** A sign(s) to be provided by the County Office of Planning and Zoning shall be posted on or near the property at least five days prior to the scheduled hearing.
- (C) **ACTION.** At a joint meeting the Planning Commissions shall decide whether to grant the conditional use with such conditions and safeguards as are appropriate or to deny a conditional use when not in harmony with the purpose and intent of these regulations. The decision of the Planning Commissions shall be final unless an appeal is filed in accordance with Article 19.06. In the event the Planning Commissions are not in agreement on a decision whether to grant a conditional use permit, the following shall apply: *(amended by MC28-01-03)*
- (1) When one Planning Commission votes to grant a conditional use permit and the other Planning Commission votes to deny, the permit is deemed to be denied and the petitioner may appeal the decision to the governing bodies in accordance with Section 19.06.
 - (2) When both Planning Commissions vote to grant a conditional use permit but the conditions are not identical, the application shall be presented to a joint meeting of the County Commission and City Council for final action. The requirements of Section 19.05(A) shall apply.
 - (3) When one or the other Planning Commission votes to defer action on a conditional use permit, the application shall be considered at a future joint meeting of the Planning Commissions.

19.06 APPEAL OF DECISION OF PLANNING COMMISSIONS. The decision rendered by the Planning Commissions on a conditional use permit may be appealed to the Board of County Commissioners and the City Council. To appeal the decision of the Planning Commissions, the applicant or any other person aggrieved by said decision shall file a written appeal with the County Office of Planning and Zoning within five working days of the Planning Commissions' decision.

19.06A. HEARING BY BOARD OF COUNTY COMMISSIONERS AND CITY COUNCIL.

When an appeal has been filed in accordance with Section 19.06 or the decision by each Planning Commission is not in agreement, the Board of County Commissioners and the City Council shall jointly conduct a public hearing and take final action on the conditional use application.

- (A). **SIGNS.** A sign(s) to be provided by the County Office of Planning and Zoning shall be posted on the property at least five days prior to the scheduled hearing.
- (B). **HEARING.** At the public hearing, the Board of County Commissioners and City Council shall review the decisions of the respective Planning Commissions on the applications coming before them. In making their determination of such applications, they need not be bound by the actions of the Planning Commissions.
- (C). **ACTION.** The Board of County Commissioners and the City Council shall decide whether to grant the conditional use with such conditions and safeguards as are appropriate or to deny the conditional use when not in harmony with the purpose and intent of these regulations. The Board and the City Council, in making their determinations on such applications, may make changes in accordance with or in rejection or modification of the decisions of the respective Planning Commissions. In order for any conditional use to be approved, the Board of County Commissioners and the City Council must each vote in favor of the application.

19.07 AMENDMENTS. Amendments shall be processed in the same manner as required for a separate conditional use permit.

19.08 EXPIRATION. A conditional use permit which has been approved shall expire by limitation and become null and void if the building, work or use authorized by such conditional use permit is not commenced within one year from the date of approval. This provision shall not apply to a conditional use permit approved for a residential use in the A-1 or RC zoning districts. Upon written request to the County Planning Director and prior to the conditional use permit expiration date, a one-year time extension for the conditional use permit may be granted by the County Planning Director, subject to the following conditions:

- (A). There was no public objection presented during the public hearing process for the original conditional use permit;
- (B). The land uses for the surrounding properties have not significantly been altered since the original approval date for the conditional use permit.

19.09 PREEXISTING USES. An existing use eligible for a conditional use permit which was lawfully established on the effective date of this ordinance shall be deemed to have received a conditional use permit as herein required and shall be provided with such permit by the County

**CONDITIONAL
USE PERMITS**

upon request, and it shall not be a nonconforming use; provided, however, for any enlargement, extension, or relocation of such existing use, an application in accordance with this ordinance shall be required.

19.10 REAPPLICATION. No applicant requesting a conditional use permit whose application includes the same or substantially the same requirements for the same or substantially the same property as that which has been denied by the Planning Commissions or Board of County Commissioners and City Council shall be again considered by the Planning Commissions before the expiration date of six (6) months from the date of the final action on the petition.

19.11 REVOCATION. If the County Planning Director finds that at any time that the terms, conditions, or requirements of the conditional use permit have not been complied with, or that any phase thereof has not been completed within the time required under the permit or any amendment thereto, the Director shall report this fact to the permittee, landowner, and/or operator, and the Minnehaha County Planning Commission and the Dell Rapids Planning Commission. The County and City Planning Commissions may, after conducting a public hearing, of which the permittee, landowner and/or operator shall be notified, revoke the conditional use permit for failure to comply with the terms, conditions, or requirements of the permit.

- SECTIONS: 20.01 Application to County or by County for Zoning Change
20.02 Fees
20.03 Planning Commission Hearing
20.04 Hearing by Board and City Council
20.05 Reapplication

20.01 APPLICATION TO COUNTY OR BY COUNTY FOR ZONING CHANGE. Any person, firm, or corporation desiring a change in regulations, restrictions, or boundaries of the zoning map of any property from one zoning district classification to another zoning district classification under this ordinance, shall make application for such change with the County Office of Planning and Zoning. Such application form shall be provided by the Office and be completed in full by the applicant.

The Board of County Commissioners and the Dell Rapids City Council may from time to time on its own motion, after public notice and hearing, and after a recommendation by the Planning Commissions amend, supplement, or change the boundaries or regulations herein or subsequently established.

20.02 FEES. Upon the filing of any application for a zoning district classification change with the County Office of Planning and Zoning, the applicant shall pay to the County the appropriate fee as designated in Article 24.00.

20.03 PLANNING COMMISSION HEARING. Upon the filing of an application and payment of the fee, the County Office of Planning and Zoning shall set a date for public hearing at which time the Minnehaha County Planning Commission and the Dell Rapids Planning Commission shall meet jointly to consider such requests for a change in zoning district classification. The date for a public hearing shall be a day when the County Planning Commission is regularly scheduled to meet.

- (A). SIGNS. A sign(s) to be provided by the County Office of Planning and Zoning shall be posted on or near the property at least five days prior to the scheduled hearing.
- (B). RECOMMENDATIONS FROM PLANNING COMMISSIONS. The County and City Planning Commissions shall, respectively, consider all applications for zoning district classification changes and make a recommendation to the Board of County Commissioners and City Council.

20.04 HEARING BY THE BOARD AND CITY COUNCIL. The Board of County Commissioners and City Council shall jointly conduct a public hearing on all applications which have been processed and forwarded to them for public hearing as provided in these regulations.

**CHANGE
OF ZONE**

- (A). SIGNS. A sign(s) to be provided by the County Office of Planning and Zoning shall be posted on or near the property at least five days prior to the scheduled hearing.

- (B). HEARING. Upon the day of such public hearing, the Board of County Commissioners and City Council shall review the decisions and recommendations of their respective Planning Commission on all applications. The Board of County Commissioners and the City Council must each vote in favor of the proposed action before any changes or modifications are made in the regulations, restrictions or zoning map.

20.05 REAPPLICATION. No application requesting a zoning district classification change on any property whose application includes any such property either entirely or substantially the same as that which has been denied by the Board of County Commissioners and City Council, shall again be considered by the Planning Commissions before the expiration of six months from the date of the final action of the Board.

21.08 Appeals From Decision of Board
21.09 Liminations

21.01 ESTABLISHMENT. The Zoning Board of Adjustment shall consist of the Planning Commissions of Minnehaha County and Dell Rapids. The Board may, in appropriate cases and subject to appropriate conditions and safeguards, grant variances, and hear appeals to the terms of these regulations in harmony with the general purpose and intent and in accordance with general and specific rules herein contained.

21.02 OPERATIONAL PROCEDURE.

- (A). The Board shall meet at the regularly scheduled joint meetings of the County and City Planning Commissions. All meetings of the Board shall be open to the public and all business coming before the Board shall be transacted at such meetings.
- (B). The Board shall keep minutes of its proceedings, records of examinations and other official actions, all of which shall be filed in the County Office of Planning and Zoning and shall be a public record.

21.03 APPEALS. The Board shall hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by the County Planning Director in the enforcement of these regulations.

21.04 VARIANCES. The Zoning Board of Adjustment shall not vary the regulations unless it shall make findings based upon the evidence presented to it in each specific case that all of the following conditions are present:

- (A). The particular physical surroundings, shape or topographical conditions of the specific property involved would result in a particular hardship upon the owner as distinguished from a mere inconvenience, if the strict letter of the regulations were to be carried out.
- (B). The conditions upon which the application for a variance is based would not be

**ZONING BOARD
OF ADJUSTMENT**

applicable generally to other property within the same zoning classification or other property substantially similar in use.

- (C). The granting of the variance will not be detrimental to the public welfare or injurious to other property or improvements in the area in which the property is located.
- (D). The proposed variance will not unreasonably impair an adequate supply of light and air to adjacent property; increase the congestion in the public streets; increase the danger of fire; endanger the public safety; or diminish or impair property values within the area.
- (E). That because of circumstances or conditions, there is no possibility that the property can be developed in strict conformity with the provisions of the zoning regulations and that the authorization of a variance is therefore necessary to enable the reasonable use of the property.
- (F). That the variance, if authorized, will represent the minimum variance that will afford reasonable relief and will represent the least modification desirable of the zoning regulations.
- (G). The Board shall hear and make determinations on variance to exceed the height limits as established by these regulations.
- (H). The Board of Adjustment, under its authority to grant variances may impose reasonable conditions on the grant, and one accepting those conditions is bound by them.

21.05 APPLICATION TO COUNTY FOR VARIANCE. Any person, firm or corporation desiring a variance or wishing to appeal a decision of the County Planning Director or authorized representatives shall make application for such request to the County Office of Planning and Zoning. Such application shall be provided by the Office and be completed in full by the applicant.

21.06 FEES. Upon the filing of any application for a variance or appeal by the Board, the applicant shall pay to Minnehaha County the appropriate fee as designated in Article 24.00. These fees shall be utilized to help defray necessary administrative costs of processing the application as required.

21.07 HEARING. Upon the filing of an application, the County Office of Planning and Zoning shall set a date for public hearing, at which time and place the Zoning Board of Adjustment shall meet to consider the request for variance or appeal.

- (A). SIGNS. A sign(s) to be provided by the County Office of Planning and Zoning

**ZONING BOARD
OF ADJUSTMENT**

shall be posted on the property at least five days prior to the scheduled hearing.

- (B). DECISION. All requests under this article shall be acted upon at a joint meeting of the County and City Planning Commissions. The Planning Commissions shall vote on such requests independently, and a favorable vote by a majority of the members of each Planning Commission shall be required to approve each request.

21.08 APPEALS FROM DECISION OF BOARD. Appeals may be taken to the Circuit Court by any person or persons, jointly or severally, aggrieved by any decision of the Board of Adjustment, or any taxpayer, or any officer, department, board or bureau of the County, aggrieved by any decision of the Board of Adjustment, in the manner and form provided by the statutes of the State of South Dakota, in such cases made and provided.

21.09 LIMITATIONS. Any order of the Board of Adjustment granting a variance may be declared invalid by the Board of Adjustment unless substantially completed within two years from the date of such order. The County Planning Director shall notify the property owner of record upon invalidation of a variance.

22.01 POWERS AND DUTIES.

- (A). The Minnehaha County Planning Director is hereby authorized and directed to enforce all the provisions of this ordinance and establish rules for its administration.
- (B). In accordance with prescribed procedures and with the approval of the Board of County Commissioners, the County Planning Director may appoint technical officers and inspectors and other employees that shall be authorized to assist in the enforcement of this ordinance.

22.02 RIGHT OF ENTRY. Whenever necessary to make an inspection to enforce any of the provisions of this ordinance, or whenever the County Planning Director or an authorized representative has reasonable cause to believe that there exists in any building or upon any premises an ordinance violation, the County Planning Director or an authorized representative may enter such building or premises at all reasonable times to inspect the same or to perform any duty imposed upon the County Planning Director by this ordinance, provided that if such building or premises be occupied, he shall first present proper credentials and request entry; and if such building or premises be unoccupied, he shall first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and request entry. If such entry is refused, the County Planning Director or an authorized representative shall have recourse to every remedy provided by law to secure entry.

When the County Planning Director or an authorized representative shall have first obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any building or premises shall fail or neglect, after proper request is made as herein provided, to promptly permit entry therein by the County Planning Director or an authorized representative for the purpose of inspection and examination pursuant to this ordinance.

22.03 STOP ORDER. Whenever any work is being done contrary to the provisions of this ordinance, the County Planning Director may order the work stopped by notice in writing served on any persons engaged in the doing or causing such work to be done, and any such persons shall forthwith stop such work until authorized by the County Planning Director to proceed with the work.

**ADMINISTRATION
AND ENFORCEMENT**

22.04 OCCUPANCY VIOLATION. Whenever any building or structure regulated by this ordinance is being used contrary to the provisions of this ordinance, the County Planning Director may order such use discontinued and the structure, or portion thereof, vacated by notice served on any person causing such use to be continued. Such persons shall discontinue the use within the time prescribed after receipt of such notice to make the structure, or portion thereof, comply with the requirements of this ordinance.

23.01 BUILDING PERMITS REQUIRED. It shall be unlawful for any person, firm or corporation to erect, construct, change, enlarge, alter, repair, move, improve, remove, convert, demolish, use, occupy or maintain any building or structure regulated by this ordinance or cause the same to be done without first obtaining a separate building permit for each building or structure change from the County Office of Planning & Building. *(amended by MC-28-13-07 11/6/07)*

23.02 APPLICATION. To obtain a building permit, the applicant shall apply at the County Office of Planning & Building. Every applicant shall: *(amended by MC-28-13-07 11/6/07)*

- (A). Identify and describe the work to be covered by the permit for which application is made.
- (B). Describe the land on which the proposed work is to be done by legal description, street address or similar description that will readily identify and definitely locate the proposed building or work.
- (C). Indicate the proposed use or occupancy and work proposed.
- (D). Be accompanied by a site plan.
- (E). Be signed by permittee, or his authorized agent, who may be required to submit evidence to indicate such authority.
- (F). Give such other data and information as may be required by the County Planning Director.

23.03 INFORMATION ON SITE PLAN. Plans shall be drawn to scale upon substantial paper or cloth and shall be of sufficient clarity to indicate the location, nature, and extent of the work proposed and show in detail that it will conform to the provisions of this ordinance and all relevant laws, ordinances, rule, and regulations.

EXCEPTION: The County Planning Director may waive the submission of plans, if he finds that the nature of the work or change in land use applied for is such that reviewing of plans is not necessary to obtain compliance with this ordinance.

BUILDING PERMITS

23.04 ISSUANCE. The application, plans and other data filed by an applicant for a building permit shall be reviewed by the County Planning Director. Such plans may be reviewed by other departments to verify compliance with any applicable laws or requirements under their jurisdiction.

If the County Planning Director finds that the work described in an application for a permit and the plans, and other data filed therewith, conform to the requirements of this ordinance and other pertinent laws and ordinances, the building permit shall be issued.

The County Planning Director may issue a building permit for the construction or use of part of a building or a structure before the entire plans for the whole building or structure have been submitted or approved, provided adequate information and detailed statements have been filed complying with all pertinent requirements of this ordinance. The holder of such permit shall proceed at his own risk without assurance that the permit for the entire building, structure, or use will be granted.

(amended by MC-28-13-07 11/6/07)

23.05 VALIDITY OF PERMIT. The issuance or granting of a permit or approval of plans shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of this ordinance or of any other ordinance of the jurisdiction. No permit presuming to give authority to violate or cancel the provisions of this ordinance shall be valid.

23.06 EXPIRATION. Every building permit issued under the provisions of this ordinance shall expire by limitation and become null and void if the building or work or use authorized by such permit is not commenced within 180 days from the date of such permit, or if the building, work, or use authorized by such permit is suspended or abandoned at any time after the work is commenced for a period of 180 days. Before such work can be recommenced, a new permit shall first be obtained to do so, provided no changes have been made or will be made in the original plans and specifications for such work. *(amended by MC-28-13-07 11/6/07)*

23.07 SUSPENSION OR REVOCATION. The County Planning Director may, in writing, suspend or revoke a building permit issued under the provisions of this ordinance whenever the permit is issued in error or on the basis of incorrect information supplied. *(amended by MC-28-13-07 11/6/07)*

23.08 ZONING PERMITS REQUIRED. It shall be unlawful for any person, firm or corporation to change the use or occupancy within any building or structure regulated by this ordinance, or cause the same to be done without first obtaining a separate zoning permit for each use or occupancy change from the Office of Planning & Zoning. If the County Planning Director finds that the change described in an application for a permit and the plans, and other data filed therewith, conform to the requirements of this ordinance and other pertinent laws and ordinances, the zoning permit shall be issued. A zoning permit shall be subject to the regulations of Section 23.06 Expiration and Section 23.07 Suspension or Revocation as outlined in this ordinance. *(amended by MC-28-13-07 11/6/07)*

25.01 GENERAL REGULATIONS. The following general regulations shall apply to all zoning districts:

- (A). Except as otherwise provided, no building shall be erected, converted, enlarged, reconstructed, or structurally altered, nor shall any structure or land be used:
 - (1). Except for a purpose permitted in the district in which the structure or land is located;
 - (2). Except in conformance with the height and minimum lot requirements, and the parking and sign regulations, and any other applicable requirements of the district in which the structure or land is located.
 - (3). Except in conformance with any Federal, State or County codes as may be applicable. Where these regulations and any other rules and regulations conflict or overlap, whichever imposes the more stringent restrictions shall prevail.
- (B). The density and yard requirements of these regulations are minimum regulations for each and every building existing at the effective date of these regulations and for any building hereafter erected or structurally altered. No land required for yards or other open spaces about an existing building or any building hereafter erected or structurally altered shall be considered a yard or lot area for more than one building.
- (C). Every building hereafter erected or structurally altered shall be located on a lot as herein defined and in no case shall there be more than one main building on a lot except as otherwise provided in these regulations.
- (D). Cooperatives, condominiums, and all other forms of property ownership do not affect the provisions of these regulations and all requirements shall be observed as though the property were under single ownership.

25.02 VIOLATION AND PENALTY. Violations shall be treated in the manner specified below:

GENERAL PROVISIONS

- (A). The owner or agent of a building or premises in or upon which a violation of any provision of these regulations has been committed or shall exist, or the lessee or tenant of an entire building or entire premises in or upon which violation has been committed or shall exist, or the agent, architect, building contractor or any other person who commits, takes part or assists in any violation or who maintains any building or premises in or upon which such violation shall exist, shall be guilty of a misdemeanor and shall be punished pursuant to SDCL 7-18A-2. Each and every day that such violation continues may constitute a separate offense. *(amended by MC13-07 11/6/07)*

In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted or maintained, or any building, structure or land is used in violation of these regulations, the appropriate authorities of Minnehaha County, in addition to other remedies, may institute injunction, mandamus or other appropriate action or proceeding to prevent such unlawful erection, construction, reconstruction, alteration, conversion, maintenance or use, or to correct or abate such violation, or to prevent the occupancy of said building, structure or land.

25.03. WARNING AND DISCLAIMER OF LIABILITY. The degree of flood protection required by these regulations is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. On rare occasions, greater floods can and will occur, and flood heights may be increased by man-made or natural causes. These regulations do not imply that land outside the flood zone or uses permitted within such areas will be free from flooding or flood damages. These regulations shall not create liability on the part of Minnehaha County or on any officer or employee thereof for any flood damages that result from reliance on these regulations or any administrative decision lawfully made there under.

25.04 INTERPRETATION, ABROGATION, AND SEVERABILITY. In interpreting and applying the provisions of these regulations, they shall be held to be the minimum requirements for the promotion of the public safety, health, convenience, comfort, morals, prosperity, and general welfare. It is not the intent to repeal, abrogate or impair any existing easements, covenants or deed restrictions. However, where these regulations and other regulations, easement, covenant or deed restriction conflict or overlap whichever imposes the more stringent restrictions shall prevail. All other regulations inconsistent with these regulations are hereby repealed to the extent of this inconsistency only. If any section, clause, provision or portion of these regulations is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remainder of these regulations shall not be affected thereby.

25.05 SAVING CLAUSE. These regulations shall in no manner affect pending actions either civil or criminal, founded on or growing out of any regulations hereby repealed. These regulations shall in no manner affect rights or causes of action, either civil or criminal, not in suit that may have already accrued or grown out of any regulations repealed.

25.06 PURPOSE OF CATCH HEADS. The catch heads appearing in connection with the

**GENERAL
PROVISIONS**

sections of these regulations are inserted simply for convenience to serve the purpose of an index. The introductory statements found at the beginning of each article are to serve as general references only. The catch heads, introductory statements, and illustrative examples of zoning terms shall be wholly disregarded by any person, office, court, or other tribunal in construing the terms and provisions of these regulations.

25.07 EFFECTIVE DATE. These regulations shall be in full force and effect from and after its passage and publication as provided by law.
