NEWS RELEASE

New Rural Address Signs to be installed

March 20, 2008

New blue and white rural address signs will soon be installed for all currently addressed structures in the county. The Minnehaha County Board of Commissioners has awarded the rural addressing project to Highway Technologies. The installation of the new blue & white signs may begin as early as March 31. Signs will start being installed in Buffalo Township in the northwest corner of Minnehaha County and proceed north to south. Completion of the project should be by November 1, 2008.

The blue signs with white numbers will measure 18 inches by 6 inches and will be installed on metal posts in an area typically near the right hand side of the driveway. The new signs will have the address on both sides and will be perpendicular to the main road. New signs will be more visible to the traveling public and emergency responders.

For more information, contact the Minnehaha County Planning Department at 367-4204.
